PLAN AND ESTIMATES

This page is intentionally left blank

1. INTRODUCTION

Purpose

This Plan and Estimates (P&E) is the Government's main Budget document and provides a summary of the Government's planned policy actions and forecast financial performance and position covering two financial years – 1 January to 31 December 2022 and 1 January – 31 December 2023. These actions reflect the outcome goals, fiscal strategy and priorities established by the Cabinet.

This document also specifies the expenditure appropriations being requested to fund those policy actions. The appropriation requests form the basis of The Appropriation (Financial Years 2022 and 2023) Bill, 2021.

The 2022 and 2023 Budgets will cover the next two financial years - i.e. 1 January to 31 December 2022 and, 1 January to 31 December 2023. The appropriations for each financial year will not expire on 31 December of that financial year. If there are any unused appropriations at 31 December 2022, these unused amounts will be carried-forward to the 2023 financial year. Conversely, it will be possible to use appropriations approved for the 2023 financial year, to incur expenditures in the 2022 financial year.

The P&E summarises the planned actions and financial performance at an overall Government level. The performance expected of individual Government agencies, Public Authorities and Non-Governmental Organisations supplying outputs, is provided in three other sets of documents that accompany the P&E, namely the Budget Statements, Purchase Agreements and Ownership Agreements.

The Budget Statements for each Ministry, Portfolio and Office detail the output delivery and ownership performance expected of each agency during the 2022 and 2023 financial years.

The Purchase Agreements specify in detail the outputs the Government plans to purchase from Public Authorities, Government Companies and Non-Governmental Output Suppliers during the 2022 and 2023 financial years.

The Ownership Agreements specify the Ownership performance Government expects of each Public Authority (Statutory Authority and Government Company) during the 2022 and 2023 financial years.

Content of the Plan and Estimates

Section A includes:

- A description of the policy Outcomes that the Government is seeking to achieve during the 2022 and 2023 financial years; and
- A summary of the policy actions the Government intends to pursue to influence these policy Outcomes including:
 - Legislation that will be prepared and introduced;
 - Outputs that will be purchased;
 - Transfer Payments that will be made;
 - Other Executive Expenditures; and
 - Ownership actions that will be taken (by way of Equity Investments; the purchase and/or construction of Executive Assets; and Loans to be made by Government).

Section B contains the detailed forecast accrual-based Financial Statements for the 2022 and 2023 financial years for the Core Government and the Entire Public Sector.

Basis of Financial Information

In accordance with the requirements of the Public Management and Finance Act (2020 Revision), the financial information presented in the P&E (and the other budget documents) has been calculated on an accrual accounting basis.

Under Accrual Accounting

A strict operating/capital distinction is maintained with separate statements prepared for operating activity (the Statement of Financial Performance), assets and liabilities (the Statement of Financial Position) and cash flows (Statement of Cash Flows);

Operating revenue is recognised in the Statement of Financial Performance when it is due, not when the cash is collected (which is reported in the Statement of Cash Flows). Revenue due, but not collected, is recorded as accounts receivable in the Statement of Financial Position;

Operating expenses are recognised in the Statement of Financial Performance when the expense is incurred (usually the point at which the expenditure is committed), not when payments are made (which is reported in the Statement of Cash Flows). Expenses payable are recorded in the Statement of Financial Position as a liability; and

Non-Cash expenses are also recognised in the Statement of Financial Performance. The main non-cash expense item is depreciation. This reflects the use (or wearing out) of fixed assets. Any write-off or impairment in the value of fixed assets is also recorded as an accrual expense, as are increases in certain liabilities (such as the Past Service Pension Liability).

SECTION A

2022 AND 2023 PLAN AND ESTIMATES

FOR THE 2022 FINANCIAL YEAR ENDING 31 DECEMBER 2022
AND THE 2023 FINANCIAL YEAR ENDING 31 DECEMBER 2023

This page is intentionally left blank

2. OVERVIEW OF OUTCOMES FOR 2022 AND 2023

The specific actions the Government intends to target in order to achieve the 10 Broad Outcomes are shown below.

Broad Outcome 1: Improving Education to Promote Lifelong Learning and Greater Economic Mobility

The Government believes that education is the most worthwhile investment for the country's most precious resource and considers education a top priority. The Government is committed to build on previous commitments and progress the needs to ensure that the next generation – and those that come after – are well equipped to help lead our country.

Key initiatives include:

1. Building a stronger integrated education foundation

- a) Provision of free meals in public schools
- b) Provide mental health education programmes to reduce stigma and to promote emotional wellbeing among children
- c) Increase and strengthen early education programmes
- d) Ensure all schools have adequate reception classes
- e) Programmes to integrate Caymanians and non-Caymanians into school system
- f) Ensure each public school has a teacher's assistant in every class up to year 9
- g) Introduce homework centres through collaboration with Public school's PTA's
- h) Implement programmes to assist with early-morning supervision of students on school premises
- i) Improve the provision of learning support services to offer a learning support centre in each public school
- j) Ensure each public school has a resident nurse
- k) Increase funding and support for after-school programmes
- l) Improve school graduation criteria to end social promotion
- m) Strengthening core curriculum across primary and secondary schools; increasing early education programmes and focusing on stronger Early Childhood learning and Improve the provision of learning support services

2. Provide financial and learning support for lifelong education

- a) Increase capacity in public high schools to allow the reintroduction of A-Levels
- b) Expand the scholarship age limit for post-graduate degree programmes
- c) Incentivise Caymanians for upskilling themselves through implementation of a reward system
- d) Strengthen and enhance the transition year programme between high school and college
- e) Free tertiary education at University College of the Cayman Islands (UCCI) and International College of the Cayman Islands (ICCI)
- f) Offer a Post-Graduate Certificate in Education at UCCI linked to an accredited UK university to develop more Caymanian teachers
- g) Allow afterhours access to school facilities to provide educational opportunities for students

3. Implement the governance model to enhance accountability in education

- a) Enact legislation and create a framework to increase accountability for schools and teachers
- b) Establish Board of Governors to enhance operations of public schools
- c) Introduce programmes to incentivise parents to get involved in school improvement

Broad Outcome 2: Ensure an Equitable, Sustainable and Successful Healthcare System

The Government recognises the importance of strengthening the healthcare system to meet the evolving needs of the population and making healthcare more equitable to all citizens. This includes addressing barriers to health care; improving health care quality; patient education and empowerment; improving health care infrastructure; and modernising health care policy and programme administration.

Key Initiatives include:

1. Promote Caymanians in the healthcare industry

- a) Promote and highlight local career and employment opportunities and programmes
- b) Incentivise Caymanian medical professionals to return home to work

2. Promote healthier living and provide wellness education

- a) Better marketing of public health services
- b) Encourage more wellness checks
- c) Strengthen youth mental health support

3. Modernise the healthcare legal framework

4. Expand public healthcare services throughout our communities

- a) Enhance medical services in public schools
- b) Offer more public health services and improved facilities in district clinics
- c) Implement a district clinic shuttle system for transport to and from doctor appointments and to collect prescriptions

5. Enhance the Cayman Islands Health Services Authority (HSA) building and services

- a) Move to a more efficient service at HSA - less waiting time and a more welcoming approach
- b) Ensure quality control at the hospital
- c) Provide a specialised youth mental health facility
- d) Initiate an overhaul of hospital rooms, waiting areas and Emergency Response area.
- e) Implement proper sleeping facilities for family members staying with patients overnight
- f) Provide increased amenities on site for patients and family members, e.g. a 24- hour snack shop
- g) Beautify and enhance HSA premises and grounds

6. Enhance the overall standard of healthcare services

- a) Develop a Joint-Ministerial Council to establish additional assisted living homes and retirement facilities through public/private partnership
- b) Implement public education programmes on the negative impact of over-utilisation of healthcare services

7. Recognise healthcare as a basic human right

- a) Revamp and expand Cayman Islands National Insurance Company (CINICO) services
- b) Provide free healthcare for children and the elderly
- c) Reform existing criteria to access free healthcare
- d) Promote better mental health and special needs insurance coverage

Broad Outcome 3: Providing Solutions to Improve the Well-Being of Our People so they can Achieve their Full Potential

Social justice issues are at the centre of the Government's priorities. Realignment of agencies and cross collaboration across government will focus on people driven policy. The Government recognises that, to improve the "Well-Being of our people", is a key goal for sustainable development.

Key initiatives include:

1. Support the family system and communities

- a) Provide financial assistance to help working families offset the costs of day care services
- b) Consider a pilot programme at Government Administration Building (GAB) for a day care centre
- c) Increasing the number of parks, civic centres and multi-purpose halls within communities
- d) Promotion of activities that encourage family participation

2. Create safer communities

- a) Support the neighbourhood watch programmes in our communities
- b) encouraging a culture of openness to combat the culture of fear by urging and incentivizing communities to cooperate with the police by providing information.
- c) Improve border security through the continuing development and integration of Customs and Border Control and Coast Guard services;
- d) Work with the National Security Council to improve oversight and accountability of the RCIPS to improve the Service's relationship with the communities it serves
- e) Provide more cultural sensitivity training and support to all front-line police officers, including community safety officers
- f) Provide funding for all necessary equipment and facilities to improve responsiveness and increase law-enforcement visibility and crime deterrence in vulnerable communities
- g) Address the root causes of criminality in our communities in order to develop and implement an effective anti-gang strategy to reduce crime and to support vulnerable young people
- h) Fund programmes to rehabilitate and assist young offenders before they become long-term criminals
- i) Improve anti-recidivism programmes and increase rehabilitation efforts, including the expansion of the Second Chance programme matching ex-offenders with suitable employment opportunities
- j) Develop a modernised Courts building and infrastructure to relieve current backlogs and meets future requirements
- k) Commit to building a modern, fit-for-purpose prison for the Cayman Islands to fully address all security concerns and avoid over-crowding

3. Create a modern social infrastructure

- a) Create new industries and expand existing industries – e.g. film, agriculture
- b) Creation of new opportunities to access capital for homeowners and businesses
- c) Modernisation of Financial Assistance legislation
- d) Reduce import duty on essential items
- e) Create a user- friendly system to access government services
- f) Implementation and enforcement of a consumer protection act
- g) Improved public transport system

- h) Needs Assessment Unit, Department of Children and Family Services and WORC joint collective approach
- i) Promote pride in our national identity

4. Provide adequate and affordable housing in our communities

- a) Government-guaranteed home-assisted mortgages
- b) Provision of quality affordable housing
- c) Lower cost of borrowing through Cayman Islands Development Bank programmes
- d) Reduce stamp duty on land for Caymanians

5. Create healthy communities

- a) Lower overall health insurance rates by increasing CINICO's competitiveness
- b) Promote programmes that offer greater work/life balance
- c) Enact legislation to reform the current pensions system to provide greater retirement protection.
- d) Provision of social and personal development programmes and activities for seniors and other vulnerable groups.
- e) Increase the number of recreational green spaces
- f) Ensure cleaner communities through recycling and improved waste management

6. Create greater employment opportunities for Caymanians

- a) End dependency on cheap labour
- b) Increase training and development opportunities
- c) Reform work permit fees
- d) Increase labour enforcement
- e) Provide lifelong education opportunities for all ages
- f) Partner with private sector to offer on-the-job training programmes
- g) Increase minimum wage and consider the implementation of Universal Basic Income (UBI)
- h) Reduce discrimination against young people in education and employment through decriminalisation of marijuana

Broad Outcome 4: Strengthening Good Governance for More Effective Government

This Government is committed to sound fiscal management and good governance. The Government stands behind the rule of law and continued restoration of public finances to sustainable levels. In achieving a culture of good governance, the Government will seek to enhance public accountability through the timely release of audit reports to stakeholders and meet the deadlines and commitments of the Public Management and Finance Act (2020 revision).

Key initiatives include:

1. Enhance participatory democracy

- a) Create fully-functioning constituency offices
- b) Implement district councils

2. Promote accountability within Parliament and the Executive

- a) Proper compliance with publication of Annual Reports
- b) Develop and implement a transparent Concessions Policy
- c) Timely response to Auditor General reports and recommendations

- d) Appoint Compliance Officer for each ministry
- e) Update the Parliament Standing Orders
- f) Better vetting and background checks of board appointees
- g) Implement a Code of Conduct for both Parliament and Cabinet

3. Promote stronger enforcement of current legislation

- a) Changing current culture by increased enforcement
- b) Enhance access to fair, equitable and timely justice
- c) Increase accountability to the public for private sector and civil organisations
- d) Enact “Sunshine Acts” to provide greater transparency

4. Increase public communications and access to information

- a) Frequent press briefings
- b) Transparency in all Government activities (where able)
- c) Publication of Cabinet decisions in summary form
- d) Provide a platform to encourage greater public participation in decision making
- e) More sharing of information across Government departments to reduce silos

Broad Outcome 5: Supporting Climate Change Resilience and Sustainable Development

The Government has established a ministry to promote integrated policy making among all levels of government to promote and encourage sustainable use of natural resources; and to combat the impact of climate Change.

Key Initiatives include:

1. Provide support and funding for renewable energies

- a) Provide funding for solar and renewable energies
- b) Micro loans to assist with conversion to renewable energy
- c) Change planning fee structure to encourage smaller and energy-efficient homes
- d) Create climate change trust to fund climate change policy

2. Promote the electrification of transport

- a) Reduce the number of second-hand cars being imported from Japan
- b) Increase the number of electric charging stations and promote the use of electric vehicles in the public transport system

3. Secure our natural environment

- a) Stiffer fines for environmental violations
- b) Re-plant buffer zones that have been damaged
- c) Continue the purchase of land, especially beach lands, for public usage and the benefit of future generations
- d) Limit the sale of Crown lands to cases of exceptional circumstances
- e) Ensure the protection of mangroves (natural carbon sinks)
- f) Increase environmental education in schools
- g) Public education campaign on the effects of climate change

4. Build a legacy of sustainability

- a) Offer incentive programmes to encourage recycling and reduce waste
- b) Increase the number of solar farms through public/private partnership
- c) Upgrade CI Government facilities to utilise renewable energy
- d) Update the draft 2011 climate change policy, and adopt a modern 2021-2022 version
- e) Ensure climate change policies are included in development Acts
- f) Fully implement National Energy Policy
- g) Establish a sustainability and climate change task force
- h) Change existing Acts to regulate construction in the dynamic beach zone
- i) Raise duty on items that are not environmentally friendly
- j) Bolster food security efforts
- k) Review and revise the National Development Plan

Broad Outcome 6: Increasing Social Justice in the Workforce

The Government is committed to addressing social justice in the work place through effective and efficient administration, implementation, enforcement, and evolution of employment and labour legislation's monitoring of employment and industry trends and implementing strategies to enhance workforce readiness among Caymanians in alignment with industry demands.

Key initiatives include:

1. Enhance job opportunities for Caymanians through a data-driven and robust compliance approach

- a) Establish a national job criteria list to reduce the number of fraudulent employment ads
- b) Implement a system to match all work permit applications to unemployed Caymanians with the relevant skills and experience
- c) Enact changes to existing labour Acts and regulations
- d) Increase enforcement of existing labour Acts and regulations
- e) Institute a joint approach between WORC and Ministry of Education to match available jobs to new graduates
- f) Introduce a whistle blower programme that incentivises employees to report illegal practices
- g) Implement an accreditation system which rewards employers for hiring, training and development of Caymanians
- h) Establish a culture that discourages abuse of the work permit system
- i) Consider increasing work permit fees in areas where Caymanian labour is readily available
- j) Increase administrative fines for illegal employment practices
- k) Start naming and shaming companies that consistently engage in poor labour practices

2. Create and regulate a fair and safe workplace environment

- a) Enact family leave policies
- b) Ensure maternity, paternity and vacation leave policies are in line with international standards
- c) Promote diversity in the workplace
- d) Introduce a national wellness programme that incentivises employers and encourages employees to strike a better work/life balance
- e) Spread health insurance risk by introducing a CINICO healthcare plan that is affordable and covers pre-existing conditions
- f) Implement national anti-bullying and sexual harassment policies and Legislation

- g) Establish a centre that offers free labour advice so employees are aware of their rights and obligations
- h) Enact stronger legislation to protect the disabled, elderly and other vulnerable groups

Broad Outcome 7: Utilising Sports to Enhance the Lives of Our People

The Government recognises the growing contribution of sport to sustainable development. This represents an important milestone for sport and an opportunity to build on previous commitments and progress with international, national and local stakeholders. The Government intend to support growth through funding and to enhance sports utilisation.

Key initiatives include:

1. Promote the benefits of sports

- a) Encourage a culture of fitness in communities through public education campaigns
- b) Promote academic opportunities through sports
- c) Develop and enhance sports tourism opportunities

2. Improve standards through accountability

- a) Establish a National Sports Council
- b) Set-up criteria to determine national focus sports, and their resourcing needs

3. Facilitate healthy competition to improve performance

- a) Support more competition in schools and inter-island
- b) Promote gender equality in sports
- c) Encourage Caymanian and non-Caymanian integration
- d) Increase regional competitive engagements
- e) Establish district level sports programmes for our seniors

4. Support growth through funding

- a) Provide funding for sports development
- b) Provide funding to augment sports scholarships
- c) Mandate that all sporting organisations seeking funds from Government have vibrant/established youth programmes

5. Enhance facilities for optimum results

- a) Increase access to more localised facilities within communities
- b) Develop national sports academies
- c) Develop existing sporting facilities to include additional general exercise areas
- d) Provide greater access to facilities for persons with disabilities
- e) Establish public/private partnership to increase the number of sporting facilities
- f) Ensure proper lighting/security at all public sports facilities
- g) Increase number of swimming pools available for public use

Broad Outcome 8: Building a Modern Infrastructure to Ensure a Successful Future for Our Islands

The Government recognises that building a modernise infrastructure is essential to the wellbeing of the people, the economy and the environment. The Government intend to continue to support and build a modern infrastructure.

Key Initiatives include:

1. Plan tomorrow's infrastructure today

- a) Provide for public education and consultation on national infrastructure development
- b) Update and revise the National Development Plan
- c) Provide funding for land acquisition for agricultural purposes
- d) Develop a national road transportation plan
- e) Create a national infrastructure fund
- f) Foster healthy partnerships with private sector stakeholders

2. Build a modern infrastructure

- a) Provide funding for the implementation of a new underwater communications cable to ensure Cayman remains connected to the world
- b) Develop and implement a national storm water management plan, including remediation of chronic flooding areas
- c) Enact legislation and regulations to ensure property developments have the proper infrastructure in place, such as drainage, street-lighting, speed bumps, etc.
- a) Establish a public/private partnership to implement a national sewage and wastewater system
- b) Ensure compliance with existing legislation regarding physical access for persons with disabilities
- c) Implement a national early warning system for natural disasters
- d) Establish a public/private partnership to install an underground utilities network, inclusive of fibre
- e) Expansion of water delivery system in Cayman Brac and Little Cayman
- f) Increase the number of final resting places

Broad Outcome 9: Improving our Financial Services as an Industry, Product and Economic Driver for Our Islands

The financial services industry provided a pillar of stability to the Cayman Islands economy despite the impact of COVID 19 pandemic. The Government recognises that this pillar of the economy should be the engine for growth and economic recovery and is committed to build on and progress the need to enhance the financial services, legislation and processes to be in line with international standards and best practices.

Key initiatives include:

1. Pro-actively engage the international and local communities

- a) Centralise the voice of stakeholders
- b) Re-define how we position the Cayman Islands as a tax-neutral jurisdiction
- c) Educate local populace on the positive economic impact of the financial services industry
- d) Increase funding to Non-Governmental Organisations to promote Cayman's financial services industry
- e) Promote compelling initiatives to de-bunk tax haven myths
- f) Engage proactively with international political and regulatory organisations
- g) Network with key EU/UK/US stakeholders

2. Maintain our best-in-class reputation

- a) Implement more IT tools to enhance our regulatory framework
- b) Ensure Cayman Islands Monetary Authority has sufficient resources
- c) International promotion of the Cayman Islands' strong legal, regulatory and compliance infrastructure
- d) Clarify Acts and regulations on the opening of bank accounts
- e) Removal from FATF Grey List (and other consequential high-risk lists)
- f) Pass legislation that makes Cayman a proactive jurisdiction
- g) Continue to keep our financial services products cutting edge

3. Promote greater Caymanian participation and new revenue streams

- a) Identify new fee opportunities with limited adverse impact
- b) Promote more functions performed in Cayman
- c) Continue to promote and support Caymanian participation in the industry

Broad Outcome 10: Improving our Tourism Industry, as a Product and Economic Driver

As travel restarts, the tourism sector still faces unprecedented challenges due to weak consumer confidence and possible loss in market share as a result of months of inactivity.

The Government is focused on and building a sustainable and responsible travel experience that is safe for the Cayman Islands; tourism workers and travellers, while ensuring a safe and stable recovery plan, as the country initiates reopening of borders.

Key initiatives include:

1. Develop a sustainable national tourism plan

- a) Better use of data by policy makers to ensure a sustainable approach
- b) Revamp the national tourism plan

2. Expand and diversify our domestic tourism product

- a) Promote and grow sports and event tourism
- b) Diversify tourism product with greater eco-tourism focus
- c) Expand into emerging and secondary tourism markets
- d) Market to high-net worth visitors
- e) Expand Cayman Airways routes
- f) Promote Cayman Brac and Little Cayman
- g) Reimagine cruise tourism
- h) Increase and improve infrastructure in the Eastern districts

3. Modernise our travel and transport infrastructure

- a) Establish a public/private partnership to construct a new general aviation terminal
- b) Improve public transport through legislative and infrastructure reforms
- c) Improve ports of entry to enhance visitor experience

4. Encourage stronger Caymanian participation in the industry

- a) Expand and enhance the current national tourism education strategy

- b) Promote greater Caymanian ownership of tourism-related businesses

5. Enhance quality and service delivery standards

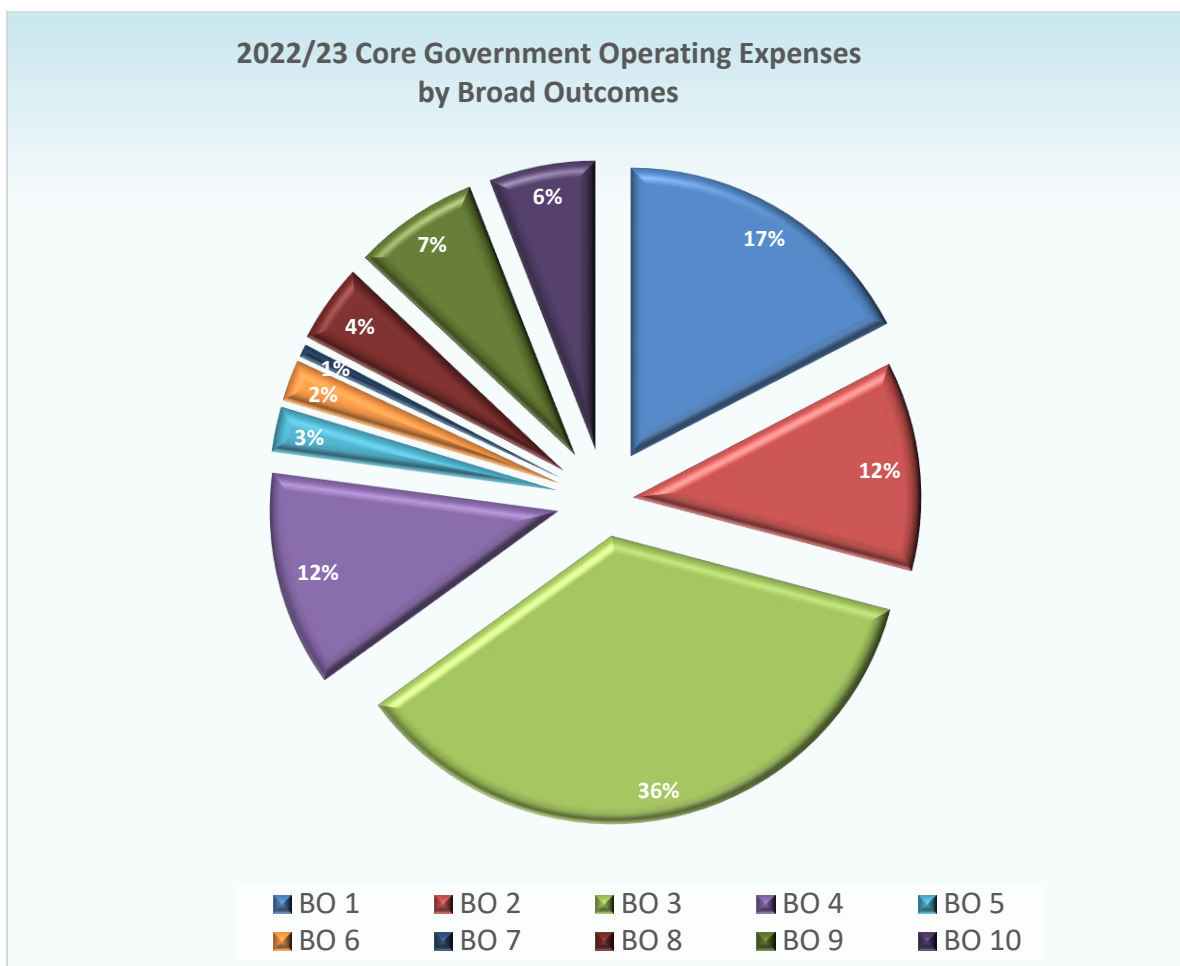

- a) Enact a public transport code of conduct
- b) Create and execute a national beautification plan

The Government's 10 broad outcomes are outlined below:

1. Improving education to promote lifelong learning and greater economic mobility
2. Ensuring an equitable, sustainable and successful healthcare system
3. Providing solutions to improve the well-being of our people so they can achieve their full potential
4. Strengthening good governance for more effective government
5. Supporting climate change resilience and sustainable development
6. Increasing social justice in the workforce
7. Utilising sports to enhance the lives of our people
8. Building a modern infrastructure to ensure a successful future for our Islands
9. Improve our financial services as an industry, product and economic driver for our islands
10. Improve our tourism, as an industry, product and economic driver

The Government's focus is on "people-driven" policies. This is the underlying principle for the 2022 and 2023 budgets. This pie chart shows the allocation of operating expenditure by outcomes. The major areas of funding include Education, Healthcare and Wellbeing.

Pie Chart 1 -Broad Outcomes

3. 2022 AND 2023 BUDGET APPROPRIATIONS

The budget period consists of two financial years i.e. 1 January to 31 December 2022 and 1 January to 31 December 2023.

Furthermore, the 2022 and 2023 Budgets will cover the next two financial years - i.e. 1 January to 31 December 2022 and, 1 January to 31 December 2023. The appropriations for each financial year will not expire on 31 December of that financial year. If there are any unused appropriations at 31 December 2022, these unused amounts will be carried-forward to the 2023 financial year. Conversely, it will be possible to use appropriations approved for the 2023 financial year, to incur expenditures in the 2022 financial year. All appropriations will expire at 31 December 2023.

4. REVISED FORECAST FINANCIAL RESULTS FOR 2021

A summary of the 2021 revised forecast financial statements of the Core Government and the Entire Public Sector is provided in Table 1 below.

TABLE 1
2021 Revised Forecast Financial Statements

Financial Measure	Core Government		Entire Public Sector	
	2021 Forecast \$000s	2021 Budget \$000s	2021 Forecast \$000s	2021 Budget \$000s
Operating Statement				
Operating Revenue	932,315	849,724	1,085,574	1,142,889
Operating Expenses	950,078	764,045	1,156,284	1,071,174
Financing Expenses	11,930	10,949	13,283	13,326
Core Government Surplus/(Deficit)	(29,693)	74,730	(83,993)	58,389
Net Loss of Public Authorities	(54,300)	(16,953)	-	-
Entire Public Sector Net Surplus/(Deficit)	(83,993)	57,777	(83,993)	58,389
Balance Sheet				
Debt (Balance at 31 December 2021)	232,080	215,836	262,106	251,826
Net Worth at 31 December 2021	1,357,058	1,580,054	1,357,058	1,580,054
Cash Flow				
Net Operating Cash Flows	15,524	113,373	48,072	129,762
Net Investing Cash Flows	(38,729)	(116,804)	(42,143)	(147,431)
Net Financing Cash Flows	(16,729)	(34,276)	(25,694)	(37,831)
Net Decrease in Cash	(39,935)	(37,707)	(19,766)	(55,500)
Opening Cash Balance (at 1 January 2021)	147,615	169,138	428,799	390,537
Closing Cash Balance (includes deposits with maturity not exceeding 90 days) at 31 December 2021	107,680	131,431	409,034	335,037
Add: Term Deposits (with maturity > 90 days but < 1 year)	196,865	155,722	274,055	227,172
Closing Cash balance and Term Deposits (at 31 December 2021)	304,545	287,153	683,089	562,209

Forecast Surplus from Operating Activities

The forecast Operating Deficit of the Core Government for the 2021 fiscal year is \$29.7 million. This forecast is based on known circumstances and policies existing as at 25 November 2021. The Forecast Deficit of \$29.7 million differs by \$104.4 million when compared to the \$74.7 million Core Government Surplus estimated in the original 2021 approved Budget.

Forecast Operating Revenues

The Government is forecast to earn \$932.3 million in total revenue for 2021. This amount is \$82.6 million greater than the \$849.7 million estimated in the original 2021 budget. The significant overage is mainly as a result of higher Coercive Revenues.

Overall revenues for Core Government are forecast to be higher than originally budgeted due largely to the impact of higher volumes of dutiable transactions along with the continued growth of local real estate markets. Revenue stream for Private Funds which came on line in 2020 has also brought in strong revenues for the period. These critical revenue streams ultimately mitigated the significant shortfall in revenue from the Tourism Sector due to the impact of COVID-19.

Other Stamp Duty and Stamp Duty – on Land Transfers are forecast to be higher than the 2021 original budget by \$8.1 million and \$54.0 million respectively. Revenue from Private Funds is forecast to bring in \$52.4 million in 2021. Other revenue sources with significant positive variances are: Mutual Fund Administration License Fees (\$6.0 million, positive variance); and Other Company Fees (\$6.0 million, positive variance).

Forecast Operating and Financing Expenses

The forecast Operating and Financing Expenses for the Core Government is projected to be \$962.0 million for 2021, which is \$187.0 million greater than the original budget of \$775.0 million. Outputs from Non-Governmental Output Suppliers are anticipated to be \$22.8 million higher than budgeted. The Non-Governmental Output variance is higher than originally budgeted due to Tertiary Care at Local and Overseas Institutions. Outputs from Public Authorities and Government Companies are also projected to be \$34.0 million more than originally budgeted, primarily due to increased funding to the Health Services Authority. Transfer Payments is forecast to be \$102.8 million greater than the original 2021 budget. This is due primarily to the support given to displaced workers formerly employed by the Tourism Sector. Other Operating Expenses also saw an increase of \$34.0 million over budget which was also a direct result of COVID-19 related expenses.

Performance of Public Authorities and Government Companies

Public Authorities and Government Companies are forecast to have a net Operating Loss of \$54.3 million for the year ending 31 December 2021 compared to an original budgeted loss of \$17.0 million due to COVID-19 impact.

Forecast Cash Position

The Core Government is forecast to have bank account balances totalling \$304.5 million as at 31 December 2021, of which \$107.6 million is expected to be classified as cash and cash equivalents (including fixed deposits with terms less than 90 days to maturity). The other \$196.8 million consists of fixed deposits with maturities greater than 90 days, but not exceeding one (1) year. The original budget for 2021 estimated bank account balances to be \$284.7 million.

Compliance with Principles of Responsible Financial Management

In line with the original 2021 approved Budget, the Government is forecast to comply with five (5) of the six (6) Principles of Responsible Financial Management as at 31 December 2021. The table below details the level of compliance with all the Principles as specified in section 14 and in Schedule 6 of the Public Management and Finance Act (2020 Revision).

The 2021 fiscal year shows a forecast deficit of \$29.7 million for Core Government due to the additional loss of key tourism-sector related revenue streams and additional costs and support provided by the Government.

TABLE 2

Compliance with Principles of Responsible Financial Management

Principle	Degree of Compliance	
	Revised Forecasts for 2021	Approved 2021 Budget
Core Government Operating Surplus : should be positive (Operating surplus = Core Government operating revenue – Core Government operating expenses)	Does Not Comply* Deficit = \$29.7 million	Complies Surplus = \$75.3 million
Net Worth: should be positive (Net worth = Core Government assets – Core Government liabilities)	Complies Net Worth = \$1.4 billion	Complies Net Worth = \$1.6 billion
Borrowing: Debt servicing cost for the year should be no more than 10% of Core Government revenue (Debt servicing = interest + other debt servicing expenses + principal repayments for Core Government debt, Public Authorities debt and self-financing loans)	Complies Debt servicing = 6.2%	Complies Debt servicing = 6.4%
Net Debt: should be no more than 80% of Core Government revenue (Net debt = outstanding balance of Core Government debt + outstanding balance of self-financing loan balance + weighted outstanding balance of Public Authorities guaranteed debt - Core Government liquid assets)	Complies Net debt = 1.2%	Complies Net debt < 0%
Cash Reserves should be no less than estimated executive expenses for 90 Days: (Cash reserves = Core Government cash and other liquid assets at lowest point)	Complies Cash Reserves = 92.9 days	Complies Cash Reserves = 118.5 days
Financial risks should be managed prudently so as to minimise risk	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.

5. FINANCIAL FORECASTS FOR 2022 AND 2023

The Government's financial forecasts for 2022 and 2023 are provided in Section C of this document. Those forecasts are summarised and explained in this section of the P&E.

In accordance with the requirements of the Public Management and Finance Act (2020 Revision), the financial forecasts for 2022 and 2023 take the form of a full set of accruals based forecast financial statements. The key forecast financial statements are:

- A Forecast Statement of Financial Performance, which reports the budgeted revenues and expenses measured on an accruals basis and the resulting Net Surplus (which is the key measure of Government's operating performance);
- A Forecast Statement of Financial Position, which reports the assets and liabilities Government is budgeting to own (or in the case of liabilities, owe) at the end of 2022 and 2023 and the resulting Net Worth (which is the key measure of the Government's financial position);
- A Forecast Statement of Cash Flows, which reports the operating, investing and financing cash flows the Government is budgeting for 2022 and 2023 and the resulting Net increase/decrease in Cash and Cash Equivalents (which is a measurement of the Government's cash position); and
- A Forecast Statement of Changes in Net Worth, which reports the increase or decrease in Net Worth, the Government is budgeting for 2022 and 2023 and its composition (which is the key measure of the amount citizens have invested in the Government).

In accordance with the requirements of the Public Management and Finance Act (2020 Revision), there are two sets of forecast financial statements provided; one for the Core Government itself, and another for the Entire Public Sector. Both sets include the financial activity (Statement of Financial Performance, Statement of Financial Position and Statement of Cash Flows) of Public Entities.

The Core Government comprises of Parliament, Ministries, Portfolios, Offices and the Judicial Administration. It also includes the Operating Surpluses/Deficits of Public Entities as a single line in the Statement of Financial Performance entitled 'Surplus/(Deficit) of Public Entities. Similarly, the Net Worth of Public Entities is recognised in a single line in the Statement of Financial Position entitled 'Net Worth – Public Entities.

The Entire Public Sector includes the same information as for the Core Government plus the revenues, expenses, assets and liabilities of Public Authorities on a line-by-line basis by aggregating them with the revenues, expenses, assets and liabilities of the Core Government. Transactions and balances between entities that make-up the Entire Public Sector, are eliminated on consolidation. The key measures of Government's financial performance (Operating Net Surplus and Net Worth), are the same under either method and are therefore the same for both the Core Government and the Entire Public Sector.

A summary of the forecast financial statements for the 2022 and 2023 financial years is provided in Table 3 below.

TABLE 3
Summary of 2022 and 2023 Forecast Financial Statements

Financial Measure	Core Government	Entire Public Sector	Core Government	Entire Public Sector
	2022 Budget \$000s	2022 Budget \$000s	2023 Budget \$000s	2023 Budget \$000s
Operating Statement				
Operating Revenue	940,909	1,133,477	978,133	1,182,431
Operating Expenses	906,792	1,132,569	933,407	1,154,909
Financing Expenses	14,687	16,670	16,962	18,845
Core Government Surplus/(Deficit)	19,431	(15,762)	27,764	8,677
Net Loss of Public Authorities	(35,193)	-	(19,087)	-
Entire Public Sector Net Surplus/(Deficit)	(15,762)	(15,762)	8,677	8,677
Balance Sheet				
Debt (Balance @ 31 December)	485,369	509,278	482,115	500,894
Net Worth at 31 December	1,341,294	1,341,294	1,349,971	1,349,971
Cash Flow				
Net Operating Cash Flows	70,077	92,798	82,766	125,861
Net Investing Cash Flows	(325,480)	(288,937)	(92,117)	(135,941)
Net Financing Cash Flows	255,700	246,219	(3,256)	(12,289)
Net Increase in Cash	296	50,080	(12,607)	(22,369)
Opening Cash Balance (@ 1 January)	107,680	409,034	107,976	459,114
Closing Cash Balance (includes deposits with maturity not exceeding 90 days) @ 31 December	107,976	459,114	95,369	436,745
Add: Term Deposits (with maturity > 90 days but < 1 year)	296,865	320,627	216,865	274,933
Closing Cash Balance and Term Deposits (@ 31 December)	404,841	779,741	312,234	711,678

The uncertainty about the economic impact of the COVID-19 pandemic, including restrictions imposed to slow the spread of the virus, creates uncertainty for the Cayman Islands' economic and financial outlook. The forecasts assume the ongoing successful suppression of the transmission of the virus to tolerable levels, and are therefore more dependent on assumptions about future developments, than normally is the case.

The COVID-19 pandemic still has lasting impacts on the economic and development landscape of Cayman Islands. The cost of the pandemic continues to linger longer than expected and has left little room for expenditure budgets to be increased unless either taxes or borrowing also rise. However, if the economy performs better than expected, there could be more room to manoeuvre and more programmes funded.

Operating Surplus

For 2022, the Government plans to earn operating revenue of \$940.9 million, incur operating expenditures of \$906.8 million and Financing Expenses of \$14.7 million. This results in a forecast Core Government Surplus of \$19.4 million. This result of the Core Government, when added to the \$35.2 million forecast Operating Loss of Public Entities, results in an overall Net Deficit of \$15.8 million for the Entire Public Sector.

For 2023, the Government plans to earn operating revenue of \$978.1 million, incur operating expenditures of \$933.4 million and Financing Expenses of \$16.9 million. This results in a forecast Core Government Surplus of \$27.8 million. This result of the Core Government, when added to the \$19.1 million forecast Operating Loss of Public Entities, results in an overall Net Surplus of \$8.7 million for the Entire Public Sector.

Operating Revenue

The 2022 and 2023 revenue forecasts do not include any new Revenue Measures. The forecast revenue in 2022 of \$940.9 million consists of \$897.9 million in coercive revenue and \$40.6 million in sales of goods and services and \$2.4 million in other operating revenue. The forecast revenue in 2023 of \$978.1 million consists of \$934.7 million in coercive revenue and \$41.4 million in sales of goods and services and \$2.0 million in other operating revenue.

The Government will be transferring approximately \$6.0 million and \$5.0 million into General Revenue from various trust accounts whose holding period is scheduled to mature in 2022 and 2023, respectively.

Key Initiatives/Summary of initiatives by Ministry, Portfolios and Offices

The Ministry of Education is responsible for policy and legislative advice, development, implementation, monitoring and reporting services for education and public libraries.

Key initiatives of the Ministry are:

- provision of free meals to students across all public schools;
- support the One-to-One laptop programme and the continued roll-out of the Department of Education Services' connectivity programme as part of the overall digital strategy to facilitate effective home learning;
- continuing the enhancement of teaching and learning in schools with a focus on increasing the use of online and computerised testing;
- implement the new secondary curriculum in public high schools;
- strengthen core curriculum across primary and secondary schools;
- support early education programmes and focusing on stronger Early Childhood learning;

- increase funding of scholarships;
- implement a new scholarship database to better enable data collation and analysis to track student outcomes, match employment focus areas (human capital needs), and inform education policies;
- develop and enhance Public Library services to include a comprehensive reference collection that includes local histories, publications written by local authors and selected Act volumes;
- digitise and make available all issues of the Nor’wester Magazine as a cultural and historical resource; and
- develop and implement new library programmes and services for specific target groups.

A new Ministry of Sustainability and Climate Resiliency, has been established with a key focus on developing strategies and programmes to support climate change resilience; reshape and transform development; develop and implement strategies to protect the environment in respect to: innovation, biodiversity, food security, green technology, renewable energy and the further expansion of protected areas

Key initiatives of the Ministry are:

- develop and implement robust programmes and policies that will protect the environment and address existential threats posed by climate change;
- establish safeguards for the biodiversity of the Cayman Islands and the sustainability of our ecosystems through the expansion of protected areas;
- facilitate the country’s transition to a green economy by achieving goals for renewable energy and embracing appropriate green technology;
- regulating transport and incentivizing cost-friendly, electric solutions to promote a cleaner environment and lower the impact of carbon emissions;
- protect native mangroves and preservation of wetlands; and
- full implementation of the National Energy Policy.

Ministry of Health and Wellness is responsible for development and implementation of policies and strategies for a sustainable and successful healthcare system for our Islands and the provision of optimal health and wellbeing for the people.

Key initiatives of the Ministry are:

- continue to enhance and develop and support a comprehensive healthcare system in order to meet the health needs of the population;
- develop and implement measures for the promotion of health;
- regulate the practice of medicine, dentistry and pharmacy and allied health services;
- continue facilitating the transition to the ReGen project (formerly the “Integrated Solid Waste Management System”) for Grand Cayman and the Sister Islands;
- facilitate the promulgation of a new Environmental Health Act (EHA) and Regulations to effectively regulate and manage all environmental health functions of the department, inclusive of: food safety, environmental health, solid waste management, recycling, and waste to energy facilities;
- continuously improve upon the current solid waste management on the landfills in Grand Cayman, Cayman Brac and Little Cayman through; investment in necessary staff, replacement of outdated equipment and inadequate infrastructure;
- enhance environmental health engineering services;

- reduce the abundance of *Aedes aegypti* mosquitoes by implementing a robust, island-wide surveillance and control programme;
- prevent Chikungunya, Zika and Dengue from becoming endemic on the Islands;
- ensure the continued efficiency and cost effectiveness of insecticides used by applied research into the resistance status of mosquito populations on all three islands;
- improve application efficiency by applied research in the area of adulticide and larvicide application dynamics;
- the introduction of a co-occurring disorder component in the residential treatment programme at Caribbean Haven Residential Centre that will allow for the concurrent treatment of those suffering from mental health and substance abuse disorders;
- the continued enhancement and expansion of family therapy services; and
- expanded service provision in Cayman Brac to more adequately meet demand for therapeutic services.

A new Ministry has been established with responsibility for Youth, Sports, Culture and Heritage, its key focus is to enhance and develop organisational structures and programmes for all age groups that will identify and promote all forms of Talent and Potential, empower our Youth, and Preserve our Culture and Heritage, throughout the Cayman Islands which will allow for awareness and competitiveness locally and internationally.

Key initiatives of the Ministry are:

- establish, maintain and manage appropriate sports and recreation facilities in all districts;
- enhance the links and coordination among sport, education, tourism, health and other relevant Governmental subject areas;
- continually build and expand on capacity within National Sports Associations;
- sport talent identification and development;
- enhance the governance standards for National Sports Associations receiving funding from Government;
- promote the Bachelor of Science in Youth Development Work at the University of the West Indies Grand Cayman Open Campus;
- continue to expand forums such as the Cayman Islands Youth Assembly; and
- provide a neutral platform whereby youth can voice their opinions on the National Agenda.

The Ministry of Home Affairs has been established and it has responsibility for public safety and resiliency of the Cayman Islands through continued strategic and operational improvement relevant to national security, emergency response, offender management, and victim support services.

Key initiatives of the Ministry are:

- establish and maintain a relevant and effective comprehensive training programme;
- continue the implementation of Emergency Medical Dispatch function to include a multi-discipline component (law enforcement, Emergency Medical Services, and fire);
- continue the development of the Next Generation 9-1-1 platform;
- complete the execution of the new 300ft radio system;
- expand opportunities for Client Empowerment/Training - establish synergies with public and private organisations to increase the Department of Community Rehabilitation's customers/clients' access to vocational and/or education opportunities; and
- continue to build the CI Regiment to a sustainable level that allows for a safe and effective response to a disaster or emergency situation.

There has been the establishment of a new Ministry responsible for District Administration and Lands – with a key focus to support and improve the business of Government in Cayman Brac and Little Cayman; ensuring the timely and efficient implementation of Government policies; enhance services to Cayman Islands’ citizens and companies in the areas of land registration, surveying, geographic data, valuation, and the management of Government facilities.

Key Initiatives of the Ministry are:

- strengthen the competitive and learn to swim programmes on the Sister Islands as an essential life skill;
- pursue the purchase of land to safeguard beach access and create public parks/open spaces, with the aim of enhancement of 3-4 properties by 2023;
- support beach protection initiatives;
- continue Water Extension and Water Works Facility in Cayman Brac;
- update the Land Registry system to include full electronic transactions and e-Registration;
- provide an efficient cadastral framework and national control geodetic network to facilitate efficient land surveying services; and
- expand provision of Geographic Information Service solutions in tandem with current market trends.

The Ministry of Investment, Innovation and Social Development has been established with a key focus to build Cayman into a highly competitive global jurisdiction, attract inward investment to support Government’s priorities for economic diversification, innovating and creating meaningful, measurable and effective reform to Government’s policies and programs of social assistance for Cayman’s least fortunate, and ensuring that the fruits of innovation and investment raise and improve the lives of all members of society.

Key initiatives of the Ministry are:

- launch digital electronic identification for residents of the Cayman Islands, with a suite of secure supporting technologies and user-friendly systems;
- create solutions that provide residents and businesses with secure and seamless access to online, electronic government information and services;
- adopt a strategic ‘whole of nation’ approach to addressing cyber security threats and risks, provide leadership in building the cyber competence, and protect the reputation of the jurisdiction;
- create and host strategic opportunities to showcase the jurisdiction;
- complete the drafting of design rights regulations, to be able to offer direct registration of industrial designs;
- develop a sui generis IP software which allows for online filing and management of applications;
- improve small business viability and sustainability through advocacy, business counselling, training and increasing access to finance;
- strengthen the work of the Sunrise Adult Training Centre; and temporarily relocate to a new building, with plans to develop a purpose-built building and premises that will empower and serve all existing and prospective clients;
- deliver social programmes, activities and services for older persons at a central location and in the districts; and
- invest in new technology and systems to manage client cases across departments.

The Royal Cayman Islands Police Service (RCIPS) is a single, national police service with a unified command structure that is mandated by statute to deliver the full range of police services across the Cayman Islands and its territorial waters including; emergency response, road and marine safety and enforcement, child protection, criminal investigation, intelligence, drug and firearm interdiction, border security, community outreach

Key initiatives of the Service are:

- continue to develop and improve its operational capability and Coast Guard Unit;
- ensure the maritime safety of all persons and vessels operating within the territorial waters of the Cayman Islands and within its internationally agreed maritime search and rescue region; and
- detect and disrupt the illicit maritime movement of persons and goods within our territorial waters, and on the high seas surrounding our Islands.

The key objectives of the Ministry of Financial Services and Commerce are to enhance its policy functions; support the regulatory services provided by the Cayman Islands Monetary Authority in response to recent international regulatory changes; ensure adequate resources are used effectively to keep the Cayman Islands in compliance with global financial regulations; and using Information Technology tools to strengthen the regulatory framework.

Key initiatives of the Ministry are:

- enhance financial services legislation and processes;
- increase funding to the Cayman Islands Monetary Authority;
- develop and maintain a modern system for the licensing of businesses;
- regulate domestic commercial activity in specified areas to ensure compliance with relevant legislation and to collaborate with stakeholders and other regulatory and law enforcements agencies; and
- continually enhance and use an online platform for licensing, registration and monitoring of businesses.

The Ministry of Finance and Economic Development is responsible for managing the country's Fiscal and Economic Policies.

Key initiatives of the Ministry are:

- achieving a balanced budget through prudent and sustainable fiscal policies;
- ensuring the prudent investment of the government's reserves and other public funds;
- setting out policies for government procurement and accounting standards
- improve public and private sector decision-making, collaboration and resilience;
- improve governance by taking a more direct approach to financial monitoring and advisory services;
- improve quality of revenue forecasts by strengthening working relationships with key revenue collecting agencies, developing robust econometric models for revenue forecasting and obtaining expert technical assistance for forecast training;
- improve the quality and variety of statistical resources in support of economic planning and policy analysis, specifically through the following:
 - the Cayman Islands' Census of Population and Housing 2021 results;
 - continuing the estimation of GDP by expenditures approach, in addition to GDP by production and income approaches;

- sustained estimation of new statistics on the country's international investment position, and the balances of financial and capital transactions with other jurisdictions;
- develop an insurance alternative for certain risks facing the Government; and
- continuing the development of quarterly GDP growth projections using actual indicators of sector economic activities.
- further develop in-house capacity for social and economic statistics compilation and dissemination; and
- implement automated sorting to improve processing and delivery times for letter mail and small packets.

The Ministry of Border Control and Labour has the responsibility matters relating to border security, labour compliance, workforce development, and employment of Caymanians.

Key initiatives of the Ministry are:

- review policies, leverage customer insight, set service standards, and create multiple delivery channels to drive customer-centric service delivery strategies across core business areas;
- continue to enhance effective and efficient administration, implementation, enforcement, the National Pensions Act and employment and labour legislation;
- leverage technology to improve interoperability, effectiveness, and efficiency in the delivery of services;
- improve the intelligence and information sharing capabilities in support of law enforcement, border security, and other core business functions;
- enhance cooperation and collaboration among law enforcement agencies; and
- contribute to regional and international initiatives that strengthen national security and public safety.

The Ministry of Tourism and Transport develops, and monitors the implementation of policy, legislation and services in the areas of tourism and transport, strategic planning and management of the Cayman Islands tourism industry.

Key initiatives of the Ministry are:

- developing legislative and policy framework for the continued success of the Cayman Islands;
- establish a public/private partnership to construct a new general aviation terminal;
- improve ports of entry to enhance visitor experience;
- diversify the tourism product with greater eco-tourism focus;
- expand and enhance the current national tourism education strategy;
- promote greater Caymanian ownership of tourism-related businesses;
- improve public transport through legislative and infrastructure reforms and enact a public transport code of conduct;
- enact tourism strategic to facilitate the recovery of the tourism industry;
- research, monitor and report on the tourism economy more effectively;
- increase awareness of and positive attitudes toward tourism in the community;
- brand management - manage and enhance the image of the Cayman Islands tourism brand;
- ensure the high quality of experience for the visitor;
- highlight and make a distinctive Caymanian experience accessible;
- implement initiatives that support a sustainable approach to tourism development;
- assist in the development of a higher percentage of Caymanians for the tourism workforce; and

- collaborate with the Department of Environment to protect and enhance the marine and terrestrial environment.

Cabinet Office has the responsibility of providing politically neutral advice to the Governor, the Premier, and the Cabinet on matters of policy (including regional and international matters); coordinating the development and implementation of cross-Ministerial policy; and providing administrative support for the Premier, the Cabinet and the National Security Council.

Key initiatives of the Office are:

- the establishment of mechanisms to improve the development, implementation and monitoring of Government Policy, encourage innovation and creativity in policymaking, and identify and oversee policy which encompasses a number of Ministries and Portfolios;
- support senior leaders and business teams across the public service to effectively implement the Cayman Islands Government Privacy Policy;
- coordinate and monitor the implementation of the Older Persons' Policy, the National Disability Policy, the National Policy on Gender Equity and Equality Policy, and the Action and Implementation Plan of the Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW);
- complete the revision of the National Policy on Gender Equity and Equality;
- pursue amendments to the Gender Equality Act, 2011;
- support and facilitate the implementation of the Sexual Harassment legislation;
- improve the effectiveness of government communication by implementing the Communications Strategy and Plan for the civil service which is informed by and supports agreed policy objectives for the Cayman Islands Government;
- enhancement of internal communication channels and content as a tool to facilitate employee engagement; and
- represent and protect the interests of the Government and people of the Cayman Islands in the United Kingdom.

Operating Expenditure by Categories

Personnel Costs for 2022 and 2023 totals \$896.6 million and is made up of the following components:

- \$654.0 million for Civil Service Salary, wages and allowances;
- \$161.7 million for CINICO Health Insurance Premiums;
- \$77.9 million for Pensions; and
- \$3.0 million in other related personnel costs.

This cost includes planned recruitment activities for additional teachers, bolstering of public safety resources in the Royal Cayman Islands Police Service, Prison Department, Fire Department, Border Control, increased resources for the promotion and regulation of the financial services industry, and increase in Health insurance premiums payable with respect to Civil Servants.

Supplies and Consumables and **Other Operating Expenses** include costs to support enhanced services and programmes.

Depreciation costs for the 2022 and 2023 financial years reflect the increase in the value of the Government's assets as a result of a number of newly completed and planned capital investments.

Outputs Costs from Public Entities for 2022 and 2023 totals \$326.7 million. This amount includes increases to CINICO for health insurance premiums with respect to health care costs for pensioners, seamen and veterans and increases to output funding for the Cayman Islands Monetary Authority.

Outputs from Non-Government Output Suppliers for 2022 and 2023 totals \$93.3 million. This amount includes the free meal programme for all public schools; and tertiary health care expenses for the medical indigents.

Transfer Payments for 2022 and 2023 total \$114.4 million. This amount includes Scholarship funding; Sports Programmes Assistance, Financial Assistance and continued tourism stipend relief.

Collectively, Public Entities are budgeted to produce a net Deficit of \$35.2 million and \$19.1 million in 2022 and 2023, respectively. These Deficits are driven by forecasted lower financial performance by a number of Tourism-related Public Entities due to the impact of COVID-19.

Loans Made include a loan from the Government to the Cayman Islands Airport Authority of \$18.1 million in 2022 and a further \$11.0 million in 2023, and to the Cayman Turtle Centre of \$8.8 million in 2022, and a further \$1.2 million in 2023.

These loans required to assist the Public Entities with their ongoing operations. The loans to both Public Entities are interest-free in 2022 and 2023. Effective 1 January 2024, repayments commence at an interest rate to be negotiated between Government and the Public Entities. The loan to the Airports Authority is to be repaid over 15 years, whilst the loan to the Cayman Turtle Centre is to be repaid over five (5) years.

Compliance with Principles of Responsible Financial Management

The 2022 and 2023 financial forecasts contained in this P&E document comply with all six (6) Principles of Responsible Financial Management and the Framework for Fiscal Responsibility (FFR) specified in the Public Management and Finance Act (2020 Revision) as summarised in Table 4 below.

TABLE 4

Compliance with Principles of Responsible Financial Management

Principle	Degree of Compliance	
	2022 Budget	2023 Budget
Core Government Operating Surplus : should be positive (Operating surplus = Core Government operating revenue – Core Government operating expenses)	Complies Surplus = \$19.4 million	Complies Surplus = \$27.8 million
Net Worth: should be positive (Net worth = Core government assets – Core Government liabilities)	Complies Net Worth = \$1.3 billion	Complies Net Worth = \$1.4 billion
Borrowing: Debt servicing cost for the year should be no more than 10% of Core Government revenue (Debt servicing = interest + other debt servicing expenses + principal repayments for Core Government debt, Public Authorities debt and self-financing loans)	Complies Debt servicing = 7.4%	Complies Debt servicing = 8.3%
Net Debt: should be no more than 80% of Core Government revenue (Net debt = outstanding balance of Core Government debt + outstanding balance of self-financing loan balance + weighted outstanding balance of Public Authorities guaranteed debt - Core Government liquid assets)	Complies Net debt 18.6%	Complies Net debt 27.6%
Cash Reserves should be no less than estimated executive expenses for 90 Days: (Cash reserves = Core Government cash and other liquid assets at lowest point)	Complies Cash Reserves = 137.9 days	Complies Cash Reserves = 95.9 days
Financial risks should be managed prudently so as to minimise risk	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.	Complies Insurance cover exists for all government buildings, vehicles and major potential liabilities. Hurricane Preparedness Strategy in place.

Core Government's revenues should be greater than its expenses: for 2022 and 2023, the Government's forecast revenue of \$940.9 million and \$978.1 million respectively. Forecast operating and financing expenses are \$921.5 million for 2022 and \$950.3 million for 2023.

Core Government's assets less its liabilities should be positive: at the end of the 2022 and 2023, the Government's assets are forecast to exceed its liabilities by approximately \$1.3 billion and \$1.4 billion, respectively.

Required interest and principal repayments of debts for the Entire Public Sector should be no greater than ten percent of Core Government's revenue for each financial year: The Government is forecasting a debt servicing ratio of 7.4% for 2020 and 8.3% for 2022 and 2023.

The total debt of Core Government, plus the weighted-average debt balance of Public Entities less Core Government's liquid assets, should be no more than 80% of Core Government's revenue for the financial year: for 2022, the Net Debt ratio is forecast to be 18.6% and 27.6% in 2023.

The unrestricted cash reserves of the Government (measured at the lowest point in a financial year) should be sufficient to cover 90 days of estimated operating expenditures: for 2022 the Government is forecast to have sufficient cash reserves to cover approximately 137.9 days of operating expenditures at the lowest point during the financial year and approximately 95.9 days for in 2023.

6. DEBT MANAGEMENT

EPS Debt Portfolio

It is Government's fiscal policy to minimise the extent of borrowing undertaken for any financial year. The longer-term aim is to expand Operating Surpluses to the extent that such can fund Capital Expenditures and Investments. Operating Surpluses for the 2022 and 2023 financial years are not sufficiently large enough to fund Capital Expenditures and Investments in 2022 and 2023: therefore, borrowing will occur in 2022 and 2023. Government does not borrow to fund its day-to-day Operating Expenses and, it will only borrow to fund Capital Expenditure and Investments.

There are an additional two (2) aspects of Government's debt management policy that are important: a fixed interest rate investment is sought so that Government knows – with certainty – the financing costs that will arise in the future; and to seek an amortising debt investment so that at its maturity date, the debt principal is fully repaid. During 2022, Government's borrowings will not exceed \$299.1 million and in 2023, this amount will not be greater than \$50.0 million.

During 2022, the Government will conclude the review of opportunities to reduce financing costs through the refinancing of its existing debt.

7. POST RETIREMENT BENEFITS

The Government has been a leader in the Cayman Islands in terms of being a responsible employer and making payments to reduce its Past Service Pension Liability figure.

The Government, through the Public Service Pensions Board, operates both a Defined Benefit and Defined Contribution pension scheme for Public Servants, Parliamentarians and the Judiciary. These various Public Service pension plans have varying degrees of past service liabilities based on the contributions to the Pension Funds and the accrued length of service of the participants of the various Plans. The overall liability arising from the Plans is recognised in Government's Statement of Financial Position.

IPSAS 39 – Employee Benefit requires that the pension liabilities be revalued annually in order to present the fair value of the Pension Funds' balances. The Government has employed actuaries to perform this annual fair value assessment. The result of the 2020 actuarial valuation is a pension net liability of \$496.1 million. The Government has included \$17.2 million annually throughout the 2022-2023 Budget Period towards reducing the net liability.

The Public Service Pensions Board is able to fund all of the monthly pension payments from its existing resources, and with the regular receipt of monthly pensions contributions from Core Government and other participating Public Sector Entities. This is expected to remain the position over the 2022-2023 Budget Period.

Post-Retirement Healthcare Liability

The Government acknowledges its obligations for the future healthcare benefits that will accrue to Civil Servants (including their dependents).

The Public Service Management Act requires that Civil Servants have a minimum of 10-years' qualifying service with the Cayman Islands Government, and also retire from the Civil Service in order to be entitled to healthcare benefits upon retirement.

The results of a healthcare liability actuarial valuation, completed in April 2021, estimated the post-retirement healthcare obligation of the Government at 31 December 2020 to be \$2.4 billion with an estimated post-retirement medical expense totaling \$184.4 million for the year ended 31 December 2020. The post-retirement healthcare liability and its related annual expenditure, have not been formally recognised in the Statements of Financial Position and Performance.

The Government operates a "pay-as-you-go" plan in respect of post-retirement healthcare liabilities. Currently, no long-term assets are set aside off the balance sheet in respect of the Government's post-retirement healthcare liability.

8. COMPLIANCE WITH 2022 AND 2023 STRATEGIC POLICY STATEMENT

As required by the Public Management and Finance Act (2020 Revision), this section compares the Government's projected performance outlined in this Plan and Estimates (including the financial forecasts provided in Section C) with the parameters established in the Strategic Policy Statement (SPS) for the 2022 and 2023 financial years, and the Principles of Responsible Financial Management contained in Section 14 of the Public Management and Finance Act (2020 Revision).

As outlined in Section 23(2) of the Public Management and Finance Act (2020 Revision), the SPS provides a summary of the broad outcomes, specific outcomes, and the links between them, that the Cabinet intends to achieve in the next financial year (2022) and for at least the following two financial years (2023 and 2024).

Outcomes

The 2022 SPS that was Tabled in the Parliament on 14 July 2021 outlined the Government's 10 Broad Outcome goals. The strategies, proposed legislation, and key policy actions included in the 2022 and 2023 Budgets are consistent with those outlined in the aforementioned 2022 SPS.

The relationship between the specific intervention measures and the Broad Outcomes the Government is seeking to achieve are outlined in Section 2 of this Plan and Estimates document. These measures are consistent with those outlined in the 2021 SPS document.

Fiscal and Policy Strategies

This Government is committed to maintaining compliance with the Principles of Responsible Financial Management (the "Principles") and the Framework for Fiscal Responsibility (the "FFR"), both of which are contained in the Public Management and Finance Act. The FFR is a central fiscal policy for the management of the Government's finances over the Budget period.

As a result, the Government is forecast to maintain full compliance with the Principles and FFR ratios throughout the next two financial years.

- Core Government Operating Expenditures will remain below Operating Revenues thereby generating modest Operating Surpluses. Whilst significant efforts were made to restrict expenditures, the realities of COVID-19 impact on the tourism sector remains uncertain – with the consequent need to continue supporting Agencies by providing critical services such as education, health, enforcement, social development and financial services, means the Government will not be able to achieve larger Surpluses.
- Borrowings are to restricted to a level that will fund Capital expenditures and investments.

Loans made to the Cayman Islands Airports Authority and Cayman Turtle Centre are to enable these entities to continue their operations.

Aggregate Financial Targets

Table 5 provides a comparison of the financial forecasts for the 2022 and 2023 financial years with the aggregate financial targets for the Core Government for these financial years as set out in the 2021 SPS. The Government is forecasting broad compliance with the financial forecasts as stated in the SPS. The variances of the 2022 and 2023 Budgets from the SPS culminate in Core Government's Net Surplus being a modest \$12.6 million less for the 2022-2023 period when compared to Surpluses in the 2021 SPS.

TABLE 5
Comparison of SPS Aggregate Targets and the 2022-2023 Budget Forecast

CORE GOVERNMENT

Financial Measure	2022			2023		
	Budget \$000's	SPS Target \$000's	Variance (over)/ under \$000's	Budget \$000's	SPS Target \$000's	Variance (over)/ under \$000's
Operating Targets						
Total Revenue	940,909	868,650	(72,259)	978,133	895,769	(82,364)
Total Expenses	921,479	843,152	(78,326)	950,369	861,496	(88,872)
Personnel Costs	437,224	392,990	(44,234)	459,331	399,230	(60,101)
Supplies and Consumables	149,350	108,645	(40,705)	149,161	113,888	(35,273)
Depreciation	45,036	39,665	(5,371)	47,504	39,915	(7,589)
Financing Expenses	14,687	17,665	2,979	16,962	16,959	(3)
Litigation Costs	1,765	926	(839)	1,770	926	(844)
Outputs from Public Authorities	161,898	160,475	(1,423)	164,821	163,041	(1,780)
Outputs from Non-Governmental Suppliers	42,518	44,563	2,045	50,822	44,563	(6,259)
Transfer Payments	61,495	57,575	(3,920)	52,892	62,575	9,683
Other (Gains)/ Losses	(1,169)	(2,340)	(1,171)	(1,169)	(2,590)	(1,421)
Other Operating Expenses	8,675	22,988	14,313	8,275	22,988	14,713
Core Government Net Surplus	19,431	25,498	(6,067)	27,764	34,273	(6,509)
(Deficit) of Public Entities	(35,193)	(40,114)	4,921	(19,087)	(29,062)	9,975
Entire Public Sector Net Surplus/(Deficit)	(15,762)	(14,616)	(1,146)	8,677	5,211	3,466
Balance Sheet Targets						
Debt (balance at year end)	485,369	499,105	13,736	482,115	446,353	(35,762)
Net Worth	1,341,294	1,347,845	(6,551)	1,349,971	1,353,054	(3,083)
Cash Flow Targets						
Net Cash Flows from Operating Activities	70,077	71,319	(1,242)	82,766	80,183	2,582
Net Cash Flows used by Investing Activities	(325,480)	(200,860)	(124,620)	(92,117)	(77,142)	(14,975)
Net Cash Flows used by Financing Activities	255,700	54,775	200,925	(3,256)	(52,752)	49,496
Net Movement in Cash	296	(74,766)	75,062	(12,607)	(49,710)	37,103
Closing Cash Balance (includes deposits with maturity not exceeding 90 days) at 31	107,976	109,050	(1,074)	95,369	59,340	36,029
Term Deposits (with maturity > 90 days but < 1 year)	296,865	332,620	(35,755)	216,865	293,121	(76,257)
Closing Cash Balance and Term Deposits (@ 31 December)	404,841	441,670	(36,829)	312,234	352,461	(40,227)
Ratios						
Debt Service Ratio (%)	7.40%	8.20%	0.80%	8.30%	8.60%	0.30%
Net Debt Ratio (%)	18.6%	26.50%	7.90%	27.6%	29.4%	1.80%
Cash Reserves (days)	137.9	167.1	-29.2	95.9	125.2	-29.3

The forecast net Operating Surplus of Core Government for 2022 and 2023 is \$6.1 million and \$6.5 million lower than the targets set by the SPS, respectively.

The 2022 Operating Revenue is approximately \$940.9 million, or \$72.3 million higher than the SPS forecast of \$868.6 million. The 2023 Operating Revenue is approximately \$978.1 million or \$82.4 million higher than the SPS forecast. These positive variances are attributed to forecast higher volumes of dutiable transactions along with the forecast continued growth of the local real estate market.

The 2023 Operating Expenses of \$921.4 million are approximately \$78.3 million greater than the SPS forecast of \$843.1 million. The 2023 Operating Expenses are approximately \$950.3 million, or \$88.8 million higher than the SPS forecast of \$861.5 million. This level of expenditure increase is in respect to areas of critical importance such as public safety, education and social programmes.

The negative variances in Personnel Costs in both 2022 and 2023 of \$44.2 million and \$60.1 million, respectively, reflect increased resources for Education, public safety, and financial sector regulatory services.

The cumulative net operating Deficit for Public Entities is forecast to be \$35.2 million in 2022 and \$19.1 million in 2023, primarily due to losses of the Cayman Islands Airport Authority, Cayman Airways, Cayman Turtle Centre and the Port Authority.

9. LEGISLATIVE MEASURES FOR 2022 AND 2023

The Government intends to introduce a number of new legislative measures to Parliament during the 2022 and 2023 financial years. The major pieces of planned legislation are outlined below.

1. Improving education to promote lifelong learning and greater economic mobility

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
National Anti-Bullying Policy for School Students	<ul style="list-style-type: none">Set out the responsibilities of all government, assisted and independent schools to counter bullying.Establish consistent expectations about the effective provision and practice in Government, assisted and independent schools to prevent, monitor and tackle bullying.Promote an understanding of the issues surrounding bullying among students, staff and parents.
National Attendance Requirement Policy	<p>This policy aims to set the parameters, requirements and obligations; as well as outline the legislation under which:</p> <ul style="list-style-type: none">Children in the Cayman Islands must regularly attend school or consistently access full-time education suitable to the child's requirements;School administrators and other stakeholders must fully comply with relevant Acts and regulations when addressing issues of attendance;Parents and legal guardians are required to exercise their legal obligations and responsibilities with regards to compulsory attendance.
Teacher Registration	To ensure that all teachers in the Cayman Islands are registered as per the Education Regulations 2017 in accordance with prescribed standards set by the Minister for Education.
Review of the UCCI Act	To remove anomalies with the Public Authorities Act to improve governance and operational efficiencies to meet the needs of the Government/Cayman Islands.

2. Ensuring an equitable, sustainable and successful healthcare system

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Health Practice Act	To review and update the Health Practice Act and Regulations and make amendments to address any urgent recommendations
Human Tissue Transplant Act	<p>The purpose of the Human Tissue Transplant Act is to allow for human organ and tissue donation and transplants to be performed in the Cayman Islands.</p> <p>The proposed amendments to the Act and Regulations will allow for increased penalties under Regulation 15 of the Regulations. Under the Act, it is proposed to increase fines to bring them in line with the maximum penalty that may be imposed under the Regulations</p>
Public Health Act	To review and update the Public Health Act and its subsidiary Regulations to reflect current best practice and terminology
Tobacco Act	To review and update the Tobacco Act and its subsidiary Regulations to reflect current best practice and terminology.

2. Ensuring an equitable, sustainable and successful healthcare system (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Pharmacy Act	To review and update the Pharmacy Act that regulates pharmacy, medicinal products and poisons. To allow pharmacists to stay abreast of changes to ensure safe and legal practice; to protect the public through licensure, regulation and information; to bring the Cayman Islands Pharmacists into the 21st century practice of pharmacy; to protect and promote the health of all residents and provide a healthier future for the people of the Cayman Islands
Health Insurance Act	To review and update the Health Insurance Act to give consideration to inclusion of Mental Health coverage for outpatients, Indigents medical coverage and coverage for retirees.
Pharmacy Bill and Regulations	To repeal and replace the Pharmacy Act.
Pesticides Control Bill	To regulate the use of pesticides in the Islands.
COVID Regulations	To combat the spread of the COVID-19 disease in the Islands.

3. Providing solutions to improve the well-being of our people so they can achieve their full potential

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Cayman Islands Population Identification Register Bill	A Bill for an act to provide for the establishment, management and oversight of a population identification register, for the Cayman Islands.
Cayman Islands Identification Card Bill	A Bill for an Act to Provide for the issuance and use of an official identification card in the Cayman Islands.
National Cyber Security Competence Authority Legislation	Establish a National Cybersecurity Competent Authority in Cayman.
Cybersecurity and Cyber Crime Legislation	Strengthen Cayman's legal cybersecurity and cybercrime framework, and align to Budapest Convention. Desired components which could be standalone Acts or Regs include: effective cyber legislation, effective regulatory framework(s), and effective cybercrime law enforcement.
Amend - Public Authority Regulations	To mandate reporting of cyberincidents to the competent authority
Amendments to Customs and Border Control (Amendment) Act, 2021	To create the ability for a person granted asylum to be accompanied or joined by a spouse/civil partner to ensure compliance with the Cayman Islands Bill of Rights, the 1951 Convention and the 1967 Protocol relating to the Status of Refugees, and the UN Convention on the Rights of the Child.
Trade and Business Licensing Act	Potential amendments to include Limited Liability Partnerships structures Updates to streamline functioning of the various licensing boards.
Local Companies Control Act	Potential amendments to include Limited Liability Partnerships structures
Liquor Licensing Act	Modernise and update.
Music and Dancing (Control) Act	Modernise and update.
The Merchant Shipping (Marine Pollution) Bill, 2022	To modernise and update Merchant Shipping legislation to reflect obligations imposed by international maritime conventions extended to the Islands.

3. Providing solutions to improve the well-being of our people so they can achieve their full potential (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Review of Alternative Sentencing Act	To have a review of the existing Act in order to identify portions of the Act which need to be activated along with Regulations to support the Act.
Victim Rights	To ensure that victims have legal rights and representation at every stage in the Criminal Justice System.
Surveillance Devices Bill	The National CCTV Programme is regulated by a Code of Practice, drafted by the Office of the AG in consultation with the Human Rights Committee and approved by Cabinet in June 2011. Whilst the Code of Practice is extensive in dictating how the National CCTV system can be used a legal instrument which fortifies the standards and practices and also places criminal penalties on those who breach them has been drafted. The Surveillance Devices Bill has been drafted and is being reviewed by a select team within the Office of the AG to ensure key areas of the regulation are covered.
Prison Act	To modernise the Act and the subordinate Prison Rules.
Management of Offenders Act	To provide for whole term sentences (50% custodial: 50% community) and to introduce the legal basis for statutory post-release supervision for all those leaving prison.
Museum Act	Update the legislation are outdated dated (1999) to reflect the operational, strategic and programming needs of the organisations they serve.
National Gallery Act	Update the legislation are outdated dated (1999) to reflect the operational, strategic and programming needs of the organisations they serve.
Police Regulations	The good order and government of the Police Service and for carrying into effect any of the purposes or provisions of the Police Act.
Police (Welfare Fund) Regulations	Control, administration and application of the Welfare Fund and the appointment, composition, tenure, powers and duties of the Police Welfare Committee, with a view to ensuring good governance, control, transparency and accountability.
Police (Disciplinary) Regulations	Discipline and disciplinary procedures.
Coast Guard (Disciplinary) Regulations	Discipline and disciplinary procedures to ensure preservation of good order and discipline.
Coast Guard (Personnel, Management and Governance) Regulations	Procedures relative to staff recruitment, selection, promotion, and remuneration.
Coast Guard (Domestic Vessel Safety and Operator Proficiency Standards) Regulations	Establishes minimum safety standards and equipment that vessels must meet when used within territorial waters. Establishes basic vessel operator proficiency standards for various classes/sizes of vessels.
Coast Guard (Private and Commercial Vessel Operating Standards) Regulations	Establishes safety standards for vessels operating within territorial waters. Allows for creation of speed limits, offences for operating vessels while under the influence of drugs/alcohol or other sensory impeding substances.
Financial Assistance Bill and Regulations	To reform the Act regulating the provision of financial assistance in the Islands
Matrimonial Causes Bill	To reform the Act relating to matrimonial causes
Family Property (Rights of Spouses) Bill	To reform the Act relating to the ownership of property upon separation or divorce.
Maintenance Bill	To reform the Act relating to maintenance for family members.
Surveillance Devices Bill	To regulate the use of surveillance devices in the Islands.

3. Providing solutions to improve the well-being of our people so they can achieve their full potential (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Foreclosures	To reform the Act relating to the enforcement of charges over real estate.
Contempt of Court	To provide partial codification of the Act of contempt to ensure the proper administration of justice.
Penal Code	To ensure compliance with the Bill of Rights, to remove obsolete offences and generally to modernise the Penal Code.
Consumer Protection	To introduce provisions intended to safeguard the interests of consumers.
Anti-Bullying	To introduce provisions intended to prevent the occurrence of bullying behaviour in the school environment and workplace.
Interpretation Act Reform	To modernise the principles and rules prescribing how legislation should be interpreted.
Plea Agreements	To introduce provisions which facilitate plea agreements between defendant and prosecution when determining the offences to be tried and the penalties to be pursued.
Administrative Appeals Tribunals	To establish a permanent and centralized administrative appeals tribunal.
Defamation	To deal with the emerging issues involving the application of defamation Act principles and the anonymous delivery of opinions which can cause reputational damage.
Succession and Wills	To ensure the fair continuation of rights and obligations after death.
Severance of Joint Tenancies	To provide for the unilateral severance of joint tenancy agreements when certain familial and co-habitational relationships exist.
Cremation	To introduce provisions which will regulate the use of crematoriums in the light of the potential reduction in plots of burial land.
Usury	To regulate the practice of charging excessive interest for the loan of money.
Adverse possession	To reform provisions which permit ownership of land by adverse possession in the light of the modern system of land holding.
Jury Trial	To introduce provisions which will facilitate virtual jury trials.
The Proceeds of Crime (Amendment) Bill	To reform the Proceeds of Crime Act in the areas of intelligence gathering and investigations; to ensure that the Act conforms to international best practices; to clarify the evidential basis on which it may be shown that property is criminal property or is obtained through unlawful conduct; and for incidental and connected purposes.
The Anti-Corruption (Amendment) Bill	To reform the Anti-Corruption Act.
Coast Guard Bill	To regulate the Coast Guard.
Maritime Shipping Bill	To repeal and replace the Merchant Shipping Act.
Governor's Orders (Regiment)	To regulate the appointment, discipline and personnel matters relating to the Regiment.
Explosives Bill and Regulations	To reform the regulation of the use of explosives in the Islands.
National Identification Bill	To provide for identification cards.
Customs Tariff Bill	To repeal and replace the Customs Tariff Act.
Strata Titles Bill	To repeal and replace the Strata Titles Registration Act.
Cayman Islands Population Identification Register Bill, 2021	To provide for the establishment, management and oversight of the Population Identification Register for the Cayman Islands.
Traffic Control (Amendment) Regulations	To provide for the recognition of Cayman Islands licences in the UK.

3. Providing solutions to improve the well-being of our people so they can achieve their full potential (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Children's Cases (Amendment) Regulations	To change the Act relating to the regulation of care plans.
Children (Secure Accommodation) (Amendment) Regulations	To change the Act relating to the provision of secure accommodation for children under the age of 13.
Powers of Attorney (Amendment) Bill, 2021	To provide for the signatures required to execute an instrument creating a power of attorney to be witnessed and attested remotely through any form of electronic communication.

4. Strengthening good governance for more effective government

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Regulations for The Parliament Management Act	The Parliament Management Act (PMA) requires the development of rules that govern the Parliament's internal management.
Update to the Standing Orders for the Parliament	Amendment to the general standing orders for the Parliament.
Amendments to Utility Regulations and Competition Act (2021 Revision)	To improve and enhance the governance of the Utility Regulation and Competition Office.
Auditor General's Act	To align with new constitution and strengthen the independence of the Office of the Auditor General.
Amendments to the Personnel Regulations	<ul style="list-style-type: none"> Amendments to address discipline and performance provisions to ensure a more effective Civil Service. Improvements to ensure the continued effectiveness and efficiency of HR Management within the Civil Service. The review and enhancement of particular leave entitlements, such as maternity and paternity leave, to ensure alignment with the Government's social justice priority.
Amendments to the Elections Act	<ul style="list-style-type: none"> Amendment to bring the Elections Act into compliance with international standards, implement accepted recommendation from observers and to modernise the Act.
Referendum Act	<ul style="list-style-type: none"> Introduce legislation to provide the standards for People Initiated and Government initiated referendums.
Update to FOI Act	<ul style="list-style-type: none"> To strengthen the safeguards of confidential IA reports and working papers.
Amendments to the Personnel Regulations	The review and enhancement of particular leave entitlements, such as maternity and paternity leave, to ensure alignment with the Government's social justice priority.
Procurement (Amendment) Bill and Amendment Regulations	To address duplication, inconsistencies and gaps between the principal Act and other legislation.
Public Management and Finance Bill	As recommended in the Public Management and Finance Act Review Committee Report (February 2015): to eliminate the distinction between entity and executive financial transactions; amend the budgeting framework to shift the focus to an outcomes- based approach; and simplify the budget process and documentation.
Financial Regulations (2018 Revision)	As recommended in the Public Management and Finance Act Review Committee Report (February 2015): to eliminate the distinction between entity and executive financial transactions; amend the budgeting framework to shift the focus to an outcomes- based approach; and simplify the budget process and documentation.

4. Strengthening good governance for more effective government (continued)

PLANNED LEGISLATION	PURPOSE
Postal Regulations Amendments	Update of outdated sections of the Postal Regulations to bring them current with industry standards.
Cayman Islands Development Bank (Amendment) Bill	To increase the authorised Capital of the Bank in order to accept further capitalization from Government to enable greater lending by the Bank; to enable the Bank to accept deposits from the public and, to allow for possibility of 'reverse mortgages' being offered by the Bank.

5. Supporting climate change resilience and sustainable development

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
National Conservation (Amendment) Regulations	To promote and secure biological diversity and the sustainable use of natural resources.
Agriculture Bill and Regulations	To reform the regulation of the agricultural sector.

6. Increasing social justice in the workforce

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Amendments to National Pensions Act (2012 Revision)	To align pension legislative framework with government policy directions on the long-term sustainability of private pension plans.
Amendments to Labour Act (2011 Revision)	To align labour legislative framework with government's broad outcome (6) to create and regulate a fair and safe work place environment.
Amendments to Immigration (Transition)(Amendment) Act, 2021 Revision	To align immigration legislative framework with government's broad outcome (6) to enhance job opportunities for Caymanians through data driven and robust compliance approaches. As well as a review of the permanent residency point system.

7. Utilising sports to enhance the lives of our people

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Establishment of National Council of Sports	Oversight of sports programmes.
Establishment of a Sports Academy	To create a multi-platform environment that activates, educates and provides an opportunity for Caymanians to unlock their full potential.

8. Building a modern infrastructure to ensure a successful future for our islands

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Strata Titles Registration Act and Regulations	To review the Act and associated regulations in order to enhance and modernize the regulatory framework for land surveyors.
Roads Naming and Numbering Act and Regulations	Improve the efficiency and effectiveness of the operations in the legislation.

8. Building a modern infrastructure to ensure a successful future for our islands (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Public Lands Act and Regulations	Improve the efficiency and effectiveness of the operations in the legislation.
Registered Lands Act	Rights of Ways, E-conveyancing and modernization.
Stamp Duty Regulations	E-conveyancing.
Registered Land Regulations	E-conveyancing.
Stamp Duty Act	To review and amend this act in order to enhance the effectiveness of the regulatory framework.
Land Surveyors Act	To review the act in order to enhance and modernize the regulatory framework for land surveyors.
Land Surveyors Regulations	To review the regulations in order to enhance and modernize the regulatory framework for land surveyors.
Land Acquisition Act	To carve out procedures for acquisitions being made through negotiations.
Professional Registration Act	To regulate and protect professionals in architecture, engineering and surveying from unfair overseas competition along with consumer protection.
Development and Planning Act / Regulations Amendments	To strategically improve and/or change the Development and Planning Act in conjunction with and for Plan Cayman with such amendments as change in Zones and Building Architypes. The change in Regulations will keep pace with the construction industry, including improving and modernising the Building Code.

9. Improve our financial services as an industry, product and economic driver for our islands

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Bank and Trusts (Amendment) Bill, 2021 (Amendments to POCA may be required.)	To provide for appointment of an AML/CFT supervisor for safekeeping, safe custody services, lending, financial leasing and financial guarantees and commitments where they are being conducted by entities licensed or registered under various regulatory Acts and the Trade and Business Licensing Act.
Securities Investment Business (Amendment) Bill, 2021; Directors Registration and Licensing (Amendment) Bill, 2021; Companies Management (Amendment) (No. 2) Bill, 2021; Insurance (Amendment) (No. 2) Bill, 2021; Money Services (Amendment) Bill, 2021; and Virtual Asset (Service Providers) (Amendment) Bill, 2021. *see also row above re: Monetary Authority Amendment) Bill, 2021	To clarify the Monetary Authority Administrative Fines Regime and other regulatory Acts to ensure fines can be imposed on officers and other related matters.

9. Improve our financial services as an industry, product and economic driver for our islands (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Banks and Trusts Companies (Amendment) Bill, 2021 Companies (Amendment) (No. 2) Bill, 2021 Companies Management (Amendment) Bill, 2021 Exempted Limited Partnership (Amendment) Bill, 2021 Limited Liability Companies Amendment) Bill, 2021 Limited Liability Partnership (Amendment) Bill, 2021 Mutual Funds (Amendment) Bill, 2021 Partnership (Amendment) Bill, 2021 Trusts (Amendment) Bill, 2021 Insurance (Amendment) Bill, 2021 Accountants (Amendment) Bill, 2022	Access to financial information: To provide for the enhancement of oversight and enforcement relating to the accounting obligations of all relevant Cayman entities. Global Forum.
Auditor's Oversight Authority (Amendment) Bill, 2021	Access to financial information: To provide for the enhance the Public Accounting Services Regime. To provide for Independent Regulator for Accountants.
Amendments to various regulatory Acts and/or the creation of new legislation (2022)	Access to financial information: Future of the Auditors Oversight Authority.
Banking Bill, 2022	To provide for the implementation of an Environmental, Social and Governance (ESG) Framework in the Cayman Islands.
Payment Systems and Clearance Bill, 2021	To enhance the legislative framework to ensure financial inclusion
Companies (Amendment) Bill, 2021	To provide for automatic clearing houses oversight of domestic payments clearing and settlement systems.
Amendments to the Tax Information Authority (International Tax Compliance) (Common Reporting Standard) Regulations	To provide for the enhancement of the restructuring regime.
Amendments to the Tax Information Authority (International Tax Compliance) (Country-by-Country Reporting) Regulations	To incorporate mandatory updates to the OECD Common Reporting Standard for automatic exchange of financial account information.
Regulations under the Tax Information Authority Act to introduce OECD model Mandatory Disclosure Rules	To incorporate mandatory updates to the OECD Country-by-Country Reporting rules.
Regulations under the Tax Information Authority Act to introduce OECD rules on BEPS Pillar 2 requirements	To meet commitments to the EU and to support compliance with the CRS.
International Tax Co-operation (Economic Substance) (Amendment) Bill, 2021	To comply with new international reporting requirements on anti-base erosion and profit shifting under OECD BEPS Pillar 2.
Companies (Amendment) Bill, 2021	To provide consequential changes to sanctions and to make other minor changes required as a result of bringing partnerships, exempted limited partnerships and foreign limited partnerships in scope for economic substance.
Insurance (Amendment) Bill, 2021	To provide for virtual meetings for companies.
Tax Information Authority (Mandatory Disclosure Rules) Regulations, 2022	To introduce a new insurance product (capital redemption contract/funding agreement) and new category of insurer.
Monetary Authority (Amendment) Bill, 2022 Stock Exchange Company (Amendment) Bill, 2022	To introduce Mandatory Disclosure Rules (MDR) in the Cayman Islands (OECS -style model rules). To provide for the oversight of the Cayman Islands Stock Exchange by CIMA.

9. Improve our financial services as an industry, product and economic driver for our islands (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
All entity/vehicle legislation (companies and partnerships)	Potential amendments to update the legal responsibilities of liquidators, taking particular note of foreign liquidators to ensure that there are no gaps in regards to the collection of information on behalf of entities that are in liquidation.
Tax Information Authority Act	Potential amendments regarding the beneficial ownership information filing obligations with the BO competent authority for entities in liquidation.
Tax Information Authority (International Tax Compliance) (Common Reporting Standard) Regulations	Potential amendments regarding the beneficial ownership information filing obligations with the BO competent authority for entities in liquidation.
Trusts Act	Potential amendments to apply sanctions to trustees that fail to comply with their beneficial ownership transparency obligations
Companies (Amendment) Bill, 2021	To provide for certain commercial enhancements to Part V of the Act, to allow a company to restructure its debt under the supervision of a restructuring officer and to provide for a moratorium on creditor action where a company is restructuring its debt.
Companies (Amendment)(No.2) Bill, 2021 [numbered as a No. 2 depending on which amendments are priority but may be merged]	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
Companies (Amendment)(No.3) Bill, 2021 [numbered as a No. 3 depending on which amendments are priority but may be merged]	To allow companies to convene and attend meetings virtually.
Limited Liability Companies (Amendment) Bill, 2021	To require a limited liability company to keep a record of the interest held by and the voting rights of each member of a limited liability company; to remove the penalty for failure of a limited liability company or corporate services provider of a limited liability company to comply with a request by the competent authority for additional information; and for incidental and connected purposes.
Limited Liability Companies (Amendment) (No. 2) Bill, 2021 [numbered as a No. 2 depending on which amendments are priority but may be merged]	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
Exempted Limited Partnership (Amendment) Bill, 2021	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
Local Companies (Control) (Amendment) Bill, 2021	To require partnership structures to comply with the Caymanian ownership provisions of the Act.
Trade and Business Licensing (Amendment) Bill, 2021	To require partnership structures to comply with the Caymanian ownership provisions of the Act.
Anti-Money Laundering (Amendment) Regulations, 2021	Miscellaneous amendments.
Anti-Money Laundering (Class A and Class B Bank Threshold Reporting) Regulations, 2021	To provide for reporting requirements for Class A and Class B Banks when carrying out wire transfers.
Monetary Authority (Amendment) Bill, 2021	To provide for the disclosure of information with overseas regulatory territories, the sharing of information with beneficial ownership competent authority or its delegate and to clarify how administrative fines may be imposed.

9. Improve our financial services as an industry, product and economic driver for our islands (continued)

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Monetary Authority (Amendment) (No. 2) Bill, 2021	To expand the power of the Authority to impose administrative fines; to provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Securities Investment Business (Amendment) Bill, 2021	To provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Directors Registration and Licensing (Amendment) Bill, 2021	To provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Monetary Authority (Administrative Fines) (Amendment) Regulations, 2021	To amend regulation 28(1) to allow the Authority to send electronic notices via email to an unincorporated association through a person concerned in the management or control of the association.
Monetary Authority (Amendment) (No. 3) Bill, 2021	To provide for the appointment of a member of the Ministry of Financial Services to sit on the Board of the Monetary Authority.
Money Services (Amendment) Bill, 2021	To provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Insurance (Amendment) (No. 2) Bill, 2021	To provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Companies Management (Amendment) (No. 2) Bill, 2021	To provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Virtual Assets (Service Providers) (Amendment) Bill, 2021	To provide for the liability of partnerships, exempted limited partnerships, limited liability partnerships, partners, unincorporated associations and persons concerned in the management or control of unincorporated associations for offences.
Banks and Trust Companies (Amendment) Bill, 2021	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
Mutual Funds (Amendment) Bill, 2021	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
Companies Management (Amendment) Bill, 2021	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
Insurance (Amendment) Bill, 2021	To address deficiencies identified by the Global Forum on transparency and exchange of information for tax purposes.
International Tax Co-operation (Economic Substance) (Amendment) Bill, 2021	To provide for general partnerships, limited partnerships and exempted limited partnerships; and for incidental and connected purposes.

10. Improve our tourism, as an industry, product and economic driver

PLANNED LEGISLATION/POLICY REVIEW	PURPOSE
Tourism Bill	To reform the management of the tourism sector.
Tourist Accommodation (Taxation) Bill	To reform the management and taxation of the tourism sector.
Tourism Attractions Authority Bill	To reform the management of the tourism sector.
Tourism Regulations	To reform the management of the tourism sector.

10. ECONOMIC OVERVIEW – CAYMAN ISLANDS ECONOMY

Introduction

This section presents a review of the domestic and global economic performance in 2020 and updated macroeconomic forecasts for 2021 to 2025, along with their major underlying assumptions.

World Economic Performance and Forecasts¹

The world economy declined by 3.1 percent in 2020, reflecting a general contraction in general demand as economies struggled to cope with the global pandemic. The global economic contraction was relative to a growth of 2.8 percent in the previous year and affected virtually all economies as both demand and supply declined. Economic output in advanced economies fell by 4.9 percent, compared to a growth of 1.6 percent for the previous year. Global economic activity is projected to expand at a pace of 5.9 percent in 2021 before decelerating to an increase of 4.9 percent and 3.6 percent in 2022 and 2023, respectively. Over the medium term, economic growth is then expected to average 3.3 percent for 2024 and 2025.

Among advanced economies, the United States (U.S.) economy contracted by 3.4 percent in 2020 relative to a growth of 2.2 percent in 2019. Growth in the U.S. is expected to accelerate to 6.0 percent in 2021 and average 3.7 percent between 2022 and 2023.

International Developments and Risks

The success of vaccination programmes worldwide has reduced uncertainty in global demand as most countries gradually return to routine economic activities. Increased international vaccination levels is expected to narrow the progress gap between Cayman and the rest of the world. On the other hand, the fast pace of recovery in the U.S. and other advanced economies has created a short-term mismatch in the labour market and supply chain challenges which has increased pressures on global inflation. Global inflation is projected to accelerate to 4.3 percent in 2021 for 3.2 percent in 2020. Central banks have been scaling back their accommodative posture in exchange for tighter monetary policies in response to this growing risk.

Additionally, the financial services sector continues to face increased risk due to changes in regulatory requirements from international regulatory and political organizations. Notably, the demand for Cayman's financial services could be impacted by the Islands remaining on the FATF grey list and continued talks of increased economic substance requirements from the European Union.

¹ This assessment is based generally on the World Economic Outlook (International Monetary Fund (IMF), April 2021.

* The GDP growth and current account balance for 2020 are preliminary estimates based on actual indicators.

Sources: IMF World Economic Outlook (October 2021) for the United States and other global data; and the Cayman Islands Government, Economic and Statistics Office for the Cayman Islands data.

The Cayman Islands' Economic Performance in 2020

GDP Growth: Gross domestic product is estimated to have contracted by 6.7 percent in 2020 based on actual indicators for the year. The contraction in the economy was in the context of reduced activities associated with the pandemic. The impact of the global lockdown was partly mitigated by implemented stimulus measures to increase construction, increase disposable income and provide liquidity funding for affected businesses. The economic contraction in the year was relatively broad-based, with only the health sector and some government sectors increasing.

The hotels and restaurant sector is estimated to have contracted by 76.6 percent, the largest sectoral decline in the year. The transportation sector is estimated to have contracted by 31.5 percent in 2020, the second-largest sectoral decline. The fall in the transportation sector resulted from the closure of Cayman's air and seaports. Curfew measures implemented in the second and third quarters of the year also affected local transportation. Consequently, Transport storage and communication fell by 14.4 percent as communication services increased by 7.5 percent.

The wholesale and retail sector contracted by 4.3 percent, while the construction sector is estimated to have contracted by 4.4 percent in the year, driven by the sector's lack of activity during the shutdown period. The financing and insurance services sector is estimated to have grown by 0.3 percent for the year, while business services fell by 4.7 percent. These sectors showed some resilience during the year as the industry got employees to work remotely. Despite the general contraction in the overall economy, efforts by the Government to combat the

pandemic and subsequently support the local economy resulted in some sectors expanding. The health and social work sector is estimated to have grown by 15.7 percent due to increased mobilization and purchases. Other Government services are also estimated to have expanded by 7.2 percent for the period.

Inflation: The average consumer price index increased by 1.0 percent in 2020, a moderation from the 6.0 percent recorded in 2019. The slowdown in inflation for the year mainly reflected the decline in global demand, coupled with a fall in crude oil prices on the world market. The fall in international oil prices led to a reduction of 12.2 percent in the electricity sub-index and a 0.8 percent fall in the transportation index. During 2020, inflationary pressures emanated mainly from food and non-alcoholic beverages, communication and education, which rose by 5.1 percent, 5.9 percent and 4.4 percent, respectively.

Employment: The contraction of the local economy in 2020 contributed to a reduction in the demand for labour during the year. Total employment declined by 12.1 percent to reach 41,644 in the Fall 2020 Labour Force survey. With the decline in labour demand outweighing a 10.5 percent fall in the labour force, the overall unemployment rate rose to 5.2 percent in 2020.

Current Account of the Balance of Payments²: The contraction in international demand, particularly in tourism, resulted in a higher deficit on the current account of the Balance of Payments. The fall in tourism revenue was sufficient to outweigh declines in imports and travel payments. During 2020, total merchandise imports declined by 6.3 percent to \$1,114.4 million from a year ago. The total arrival of tourists from abroad fell by 71.7 percent to settle at 660 thousand. The Islands' current account deficit balance in 2020 is projected at \$977.0 million or 20.9 percent of GDP

Projections and Assumptions for 2021 to 2025

GDP Growth: Despite travel restrictions and strict quarantine requirements, the domestic economy is expected to recover partly with a growth of 1.2 percent in 2021. Economic activity is expected to accelerate further by 5.0 percent in 2022 and an average of 3.2 percent per year between 2023 and 2025. Growth in 2021 is expected to be driven by financial services as well as sectors reliant on domestic demand, such as construction, retail trade and government services. Notwithstanding, industries dependent on travel such as hotels and restaurants and transport are projected to contract further for the year.

The financial services sector is expected to continue its robust performance during the year, conditional mainly on continued growth in domestic lending and a rebound in the financial listing and licensing business. Domestic lending should also benefit from low interest rates, as most major economies kept rates low for most of the year. Notwithstanding, inflationary pressures and tighter monetary policy in the last quarter of the year could partially offset some of the demand for loans in the year. Given these assumptions, the finance and insurance sector is projected to expand by 1.9 percent in 2021, with an average growth of 1.0 percent per year between 2022 and 2025. Business services, which includes legal and accounting services, is projected to expand by 3.7 percent in 2021. For the first half of 2021, new company registrations increased by 59.0 percent, while new partnership registrations rose by 27.0 percent. The sector is projected to grow at an average rate of 2.2 percent between 2022 and 2025.

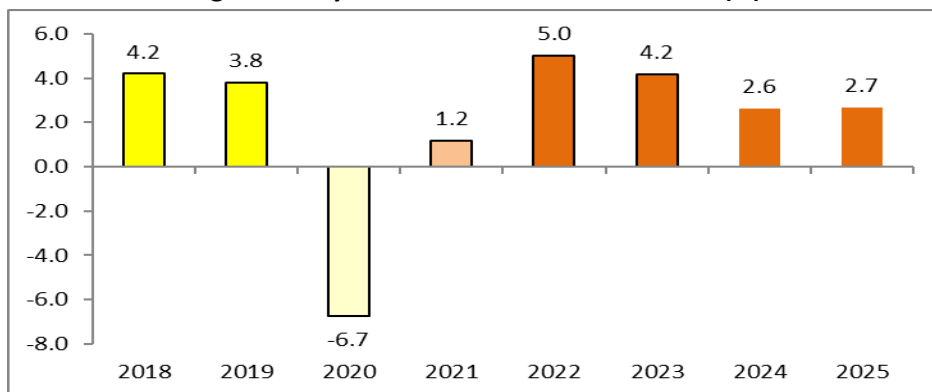

² The current account of the balance of payments measures the total value of the Islands' transactions against the rest of the world in terms of trade in goods and services, income and transfers. A deficit in the current account means that the Cayman Islands made more payments to the rest of the world compared to its receipts from these transactions.

Robust local demand should be driven by the construction sector, which is projected to remain buoyant over the medium term as stimulus measures implemented in 2020 take full effect during 2021. The sector's growth is expected to reflect several large-scale private sector projects, including many high-end apartment complexes coupled with some hotel projects. Some hotel projects expected to contribute to growth in 2021 and 2022 include the NCB Hilton Hotel, the Hyatt Hotel (Pageant Beach site), the starting of the Mandarin Hotel at Beach Bay, and the Indigo Hotel. Additionally, a boom in real estate demand and government projects such as work on the John Grey High School, the construction of a mental health facility and continued road expansions should also contribute to growth over the medium term. Despite the expected growth in the sector, the pace of construction for some hotels project could be impacted by continued uncertainty in the tourism sector as the Government continue to take a cautious approach to reopen the sector. Consistent with these assumptions, the construction sector is projected to expand by 9.4 percent in 2021. In the first half of the year, the importation of cement and aggregates, two indicators of construction activities, rose by 64.8 percent and 36.7 percent, respectively. Growth in construction is projected to average 5.3 percent per year between 2022 and 2025.

The strong performance of the construction sector is expected to have a multiplier effect on growth in some auxiliary sectors. The wholesale and retail sector is projected to rise by 2.2 percent in 2021, with an average increase of 3.7 percent per year between 2022 and 2025. The sector is expected to also benefit from a rebound in tourism activities from 2022 onwards. Electricity and water supply is projected to expand by 1.3 percent in 2021. Growth in this sector is expected to remain subdued as residential consumption fall to reflect a reversal from the high consumption levels seen during the lockdown. This is also in a context where commercial demand remains constrained by the lack of activity in some sectors and the general inclusion of remote work in some business models. For the first half of 2021, electricity production declined by 1.1 percent, while water production fell by 0.3 percent. The sector is projected to grow at an average of 2.9 percent per year between 2022 and 2025.

Activity in the tourism and transport sector is expected to remain repressed for 2021 as the island's borders is expected to remain closed for practically the entire year. Consequently, the hotels and restaurants sector is expected to contract further by 88.0 percent in 2021. The sector is expected to recover partially, with an average annual growth of 224.9 percent per year between 2022 and 2025. The transport sector is also expected to worsen for 2021 due to the Islands' border closure and the national carrier operating on a restricted schedule. Transport activities are projected to contract by 26.9 percent in 2021 before recovering to average annual growth of 12.0 percent in the next four years. With Cruise arrivals also expected to lag, the resumption of stay-over arrivals, growth in transport is expected to peak in the latter part of 2022 to 2023.

Figure 1: Cayman Islands' Real GDP Growth (%)

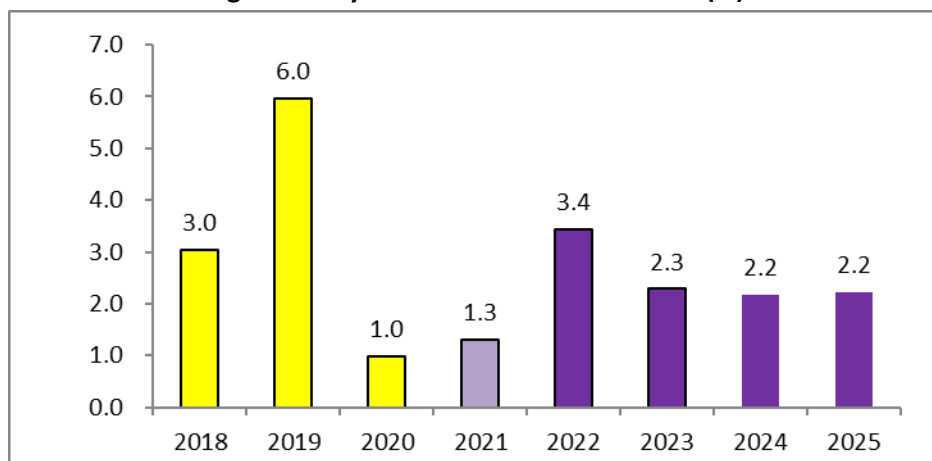

Note: Data for 2020 is preliminary; 2021-25 are forecasts.

Source: Economics and Statistics Office

Inflation rate: Relatively stable rental prices and electricity and transportation rates declines are expected to constrain imported inflation pressures in 2021. For the first half of the year, the index for actual rent fell by 3.5 percent, while the indices for electricity and transport declined by 2.1 percent and 0.5 percent, respectively. The fall in rental prices is in the context of an increase in supply as some short-term rentals convert to longer-term rentals amidst lower demand. The decline in transport and electricity could reflect a combination of lower demand coupled with the pass-through of lower oil prices seen in 2020 when some contract prices for supply may have been negotiated. Given the performance in the first half of the year, inflation in 2021 is projected at 1.3 percent.

Over the near term, the higher crude oil prices in 2021 are projected to persist and add some inflationary pressures over the near term. Additionally, high inflation in the U.S., which is Cayman’s main trading partner, is expected to stimulate higher prices for food and other imported durables. Consumer prices in the U.S. are projected to trend upward by 4.3 percent in 2021 and average 2.8 percent per year for the next four years. Contingent on the factors mentioned above, it is anticipated that there will be some imported inflation in the medium term. The average inflation rate is forecast at 3.4 percent for 2022 and an average of 2.2 percent for the next three years.

Figure 2: Cayman Islands’ Inflation Rates (%)

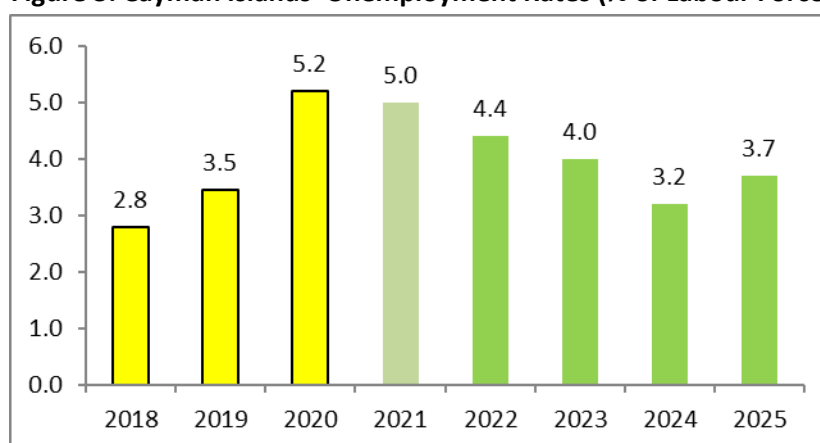

Note: Figures for 2021-25 are forecasts

Source: Economics and Statistics Office

Employment: The demand for labour is expected to track the GDP growth forecast. An increase in employment opportunities is expected from planned construction projects. However, the tourism industry's continued closure will further restructure the local labour market as businesses are forced to recalibrate their business models. Over the medium term, new employment is expected from the Islands’ hotel industry as the sector begins to recover in the latter stage of the forecast window (2022 –2025) and within the context of the added capacity created by current construction projects.

The Government's policy to prioritize the integration of displaced Caymanians into the workforce is also expected to shift the labour market dynamics and minimize the impact of displacements on the overall unemployment figure. Given the projected rise in the labour force and employment, the unemployment rate is forecast at 5.0 percent of the labour force in 2021. The unemployment rate is then expected to improve to 4.4 percent in 2022 and then average 3.6 percent in the remaining three years.

Figure 3: Cayman Islands' Unemployment Rates (% of Labour Force)

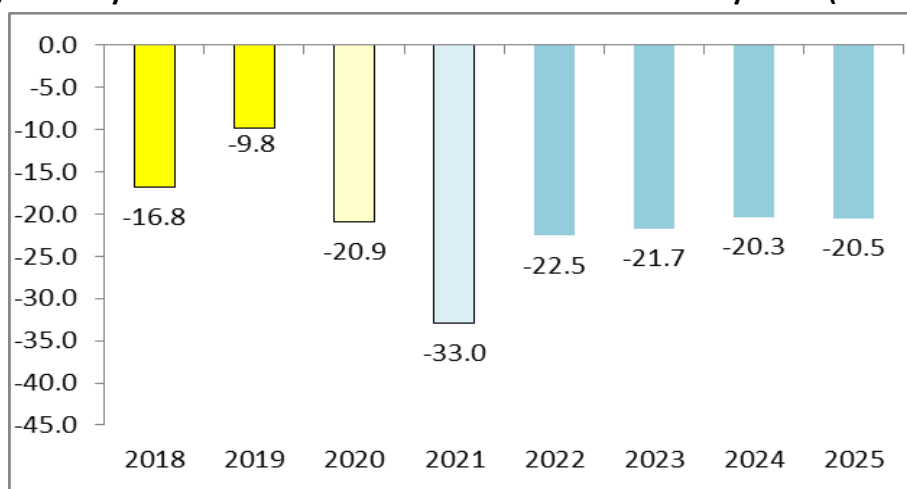

Note: The rates for 2021-25 are forecasts

Source: Economics and Statistics Office

Current account of the balance of payments: The current account deficit is forecast to deteriorate further as the tourism sector remains closed for most of the year. The current account balance is projected at 33.0 percent of GDP in 2021 and an average of 21.3 percent between 2023 and 2025. This is in the context of assumed increases in payments for the importation of goods for new private sector projects. It is also assumed that improvements in current account receipts from new tourism-related projects will partially offset the impact of higher merchandise imports.

Figure 4: Cayman Islands' Current Account of the Balance of Payments (% of GDP)

Note: Data for 2020 is a preliminary estimate; figures for 2021-25 are forecasts

Source: Economics and Statistics Office

11. OUTPUT GROUPS FOR 2022 AND 2023

The Cabinet intends to purchase a number of outputs in the 2022 and 2023 financial years. Some of these are necessary purely for the Government to function on a day-to-day basis. However, the majority are designed to positively contribute to the Government's specific outcome goals.

Outputs will be purchased from three sources:

1. Ministries, Portfolios and Offices;
2. Public Authorities; and
3. Non-Governmental Output Suppliers.

The output groups to be purchased are summarised in this section of the P&E.

Details of the specific outputs within each group to be delivered by Ministries, Portfolios and Offices are specified in the Budget Statement of the relevant Ministry, Portfolio or Office.

Details of the specific outputs within each group to be delivered by Public Authorities and Non-Governmental Output Suppliers can be found in the Purchase Agreement of the relevant organisation.

12. OUTPUT GROUPS TO BE PURCHASED BY THE PREMIER

URC 11	Monitoring and Regulation of the Fuel Market		
DESCRIPTION			
Administration of the Fuels Market Regulation Act to ensure the Cayman Islands has a proper, adequate and continuous supply of fuel which is obtained and distributed/sold under the most economic and competitive terms, in accordance with global supply and pricing parameters. The efforts of the Office are geared at preventing collusive practices in the market(s), facilitate new entrants and the introduction of viable/feasible alternative fuels into the fuel mix, and the facilitation of investment which provides a fair and reasonable return for sustainable economic and competitive activity in the sector.

CAY 2	Children and Youth Services (CAYS) Foundation		
DESCRIPTION			
Children and Youth Services (CAYS) Foundation will manage and operate:			
<ul style="list-style-type: none">Frances Bodden Children’s Home (for girls and boys) is a 24-hour residential facility for youth in need of care and protection who have been court ordered and placed in the care of the CAYS Foundation by the Department of Children and Family Services. The CAYS Foundation delivers a Trauma Informed Programme within a structured and positive environment. The Programme assists residents in developing appropriate behaviours and coping skills to facilitate their reintegration into their family, school and community. In addition, family education and preparation for independent living is also provided.Bonaventure Boys' Home (BBH) is a 24- hour Detention Centre and Youth Rehabilitation School under the Youth Justice Act (2005 Revision) for males who have been remanded or committed by the Courts for youth rehabilitation services. The CAYS Foundation delivers the Cayman Behavioural Model Treatment Approach which provides therapeutic and educational services (vocational and academic) as well as services provided through multi-agency and community partnerships and aftercare.Phoenix House, located on the BBH site, is designated as an assisted community home under the Children Act (2012 Revision) for the purposes of secure accommodation.

NGS 53	Palliative Care Nursing		
DESCRIPTION The rate above is the minimum amount needed to fund one Jasmine nurse for one year. We currently employ three full-time nurses, one part time nurse and two full time care-givers to provide our services. Jasmine provides total care to patients at any time from diagnosis of cancer or of any other end stage non-malignant disease to a time when life expectancy is very short. Controlling pain and other symptoms, facilitating the patients’ remaining at home if they wish, providing psychosocial support to patients’ and their families and interfacing with the patients’ primary care physician with end of life decisions are the programs primary goals. We provide Advanced Home Care which comprises care in a dedicated home (located at the CHC Villa, in-patient facility) – mainly to individuals whose own home is not safe, suitable or perhaps where families need short breaks.

FORECAST FINANCIAL STATEMENTS

FOR THE 2022 FINANCIAL YEAR ENDING 31 DECEMBER 2022
AND THE 2023 FINANCIAL YEAR ENDING 31 DECEMBER 2023

ALL FIGURES ARE STATED IN \$000s

This page is intentionally left blank

STATEMENT OF RESPONSIBILITY FOR THE FORECAST FINANCIAL STATEMENTS
FORECAST FINANCIAL STATEMENTS
FOR THE 2022 FINANCIAL YEAR ENDING 31 DECEMBER 2022
AND THE 2023 FINANCIAL YEAR ENDING 31 DECEMBER 2023

The Forecast Financial Statements have been prepared in accordance with the provisions of the Public Management and Finance Act (2020 Revision). The forecast financial statements report the expected financial transactions for the Core Government and the Entire Public Sector for the forthcoming 2022 financial year ending 31 December 2022 and the 2023 financial year ending 31 December 2023.

The forecast financial statements were prepared by the Ministry of Finance and Economic Development on behalf of the Government. The Ministry has used its best professional judgement in preparing the forecast statements based on the economic and financial information available.

The forecast financial statements incorporate the fiscal and economic implications of all Government decisions and circumstances as at 25 November 2021.

We accept responsibility for the accuracy and integrity of the financial information in these forecast financial statements and the statements compliance with the Public Management and Finance Act (2020 Revision).

To the best of my knowledge the Forecast Financial Statements are:

- a) Complete and reliable;
- b) Fairly reflect the forecast financial positions at 31 December 2022 and 31 December 2023 and the performance for the financial years ending 31 December 2022 and 31 December 2023;
- c) Include all policy decisions and other circumstances that have, or may have, a material effect on the forecast statements; and
- d) Comply with generally accepted accounting practices as defined by International Public Sector Accounting Standards (IPSAS), except for full compliance with IPSAS 35 and IPSAS 39.

Honourable Chris Saunders, MP
Deputy Premier and Minister for
Finance and Economic Development

25 November 2021

Mr. Kenneth Jefferson, JP
Financial Secretary and Chief Officer for the
Ministry of Finance and Economic Development

25 November 2021

9,134	10,034	Total employee entitlements	8,776	8,705

NOTE 14: UNFUNDED PENSION LIABILITY

IPSAS 39 – Employee Benefits requires that the pension liabilities be revalued annually in order to present the fair value of the fund balances. The Government and Public Entities have employed an actuary to conduct this annual fair value assessment. The amount recognised by the Central Government is estimated based on the 31 December 2020 valuation as shown in the table below.

SUMMARY PENSIONS PLANS ACTUARIAL VALUATION

12-Month Actual 2020	12-Month Forecast 2021	Description	12-Month Budget 2022	12-Month Budget 2023
\$000	\$000		\$000	\$000
473,333	473,333	Public Service Pensions Plan	473,333	473,333
22,936	22,936	Parliamentarian Pensions Plan	22,936	22,936
(173)	(173)	Judicial Pensions Plan	(173)	(173)
496,096	496,096	Entire Core Government Pensions Liability	496,096	496,096

The principal assumptions used in the computation of the actuarial estimate of the pension liability for the pension plans are as follows:

- (a) Annual salary increases of 2.5%;
- (b) Long term inflation rate of 2.0% per annum;
- (c) Valuation interest rate to discount future benefit payments of 4.5%;
- (d) Anticipated future pensions payments increases of 2.0% per annum;
- (e) Estimated retirement age of 55 years and 10 years of service for the Parliamentarian Pensions Plan, 57 years and 10 years of service for the Public Service Pensions Plan, and age 65 years for Judiciary Pensions Plan;
- (f) Liability Cost Method – Projected unit credit method; and
- (g) Asset Value Method – Market value of assets.

Unfunded post-retirement health care

The results of health care liability actuarial valuation, completed in April 2021, estimated the post-retirement health care obligation as at 31 December 2020 to be \$2.4 billion with a post-retirement medical expense totaling \$184.4 million for the year ended 31 December 2020.

The Government operates a “pay-as-you-go” plan in respect of post-retirement health care liabilities. Currently, no long-term assets are set aside in respect of the Government’s post healthcare liability.

NOTE 13: UNFUNDED PENSION LIABILITY

IPSAS 39 – Employee Benefits requires that the pension liabilities be revalued annually in order to present the fair value of the fund balances. The Government and Public Entities have employed an actuary to conduct this annual fair value assessment. The amount recognised by the Central Government is estimated based on the 31 December 2020 valuation as shown in the table below.

Summary Pensions Plans Actuarial Valuation

12-Month Actual 2020	12-Month Forecast 2021	Description	12-Month Budget 2022	12-Month Budget 2023
\$000	\$000		\$000	\$000
503,620	507,527	Total Public Service Pensions	507,527	507,527
22,936	22,936	Parliamentarian Pensions	22,936	22,936
(173)	(173)	Judicial Public Service Pensions	(173)	(173)
526,383	530,290	Entire Public Sector Pensions Liability	530,290	530,290

The principal assumptions used in the computation of the actuarial estimate of the pension liability for the pension plans are as follows:

- (a) Annual salary increases of 2.5%;
- (b) Long term inflation rate of 2.0% per annum;
- (c) Valuation interest rate to discount future benefit payments of 4.5%;
- (d) Anticipated future pensions payments increases of 2.0% per annum;
- (e) Estimated retirement age of 55 years and 10 years of service for the Parliamentarian Pensions Plan, 57 years and 10 years of service for the Public Service Pensions Plan, and age 65 years for Judiciary Pensions Plan;
- (f) Liability Cost Method – Projected unit credit method; and

Unfunded post-retirement health care

In addition to the Past Service Pension Liability, the Government also acknowledges its obligations for the future health care costs of Civil Servants who earned that benefit based on their service with the Government.

Previously, Civil Servants who worked for a minimum of 10 years with the Government would be entitled to a health care benefit upon retirement. However, the Public Service Management Act now requires that the employee puts in the same amount of years of qualifying service and also retire from the Civil Service in order to obtain such benefits in the future.
