Both accesses are registered as a six feet public pedestrian ROW that runs along the approximate centre of Castaway Coves and is registered against the subject parcel.

*PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.*

Description

*Northern Access*

The beach access to the north is a paved concrete pathway it is accessible. A clear path can be found leading towards the beach. There are no obstructions to access the beach.
Images

View from Queens Hwy (Southern)

View from the beach towards Queens Hwy (Southern)
**Registry Map**

The new access shown in green below runs through the centre of the property for approximately 370 feet until it connects with a public ROW, this access is not registered against the subject parcel.

This green line (beach access) then connects to a 12 feet public ROW which is registered against the subject parcel. This ROW then connects to a six feet right of way ROW which is also registered against the subject parcel.

*PLEASE NOTE - The beach access (green dashed line) is the approximate location of the existing path on the ground.*

*PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.*

**Description**

The beach access is marl pathway that is accessible by vehicle. At the end of the green line as indicated on the map the access continues to the right onto the public ROW then left onto the private ROW. Towards the end of the private ROW, the vegetation makes vehicular access difficult. There are no signs indicating beach access.

The view from the beach
NS33 | Block – 40A | Parcel – 15

Registry Map
This access runs along the eastern boundary of the property and is registered as a public vehicular right of way to the sea.

PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

Description
There is no physical evidence of any pathway on the ground as dense vegetation blocks the access.
There is no sign on Rum Point Road indicating its position.
Images
Looking towards the beach

The view from the beach
Registry Map
This access runs along the eastern boundary of the property and is a private vehicular right of way to the sea in favour of 40A50.

PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

Description
The access is a paved unobstructed pathway accessible by foot only that leads to the beach.
There is no sign on Rum Point Road indicating its position.
Images
Looking towards the beach

The view from the beach
Registry Map
This access runs along the eastern boundary of the property and is a six feet wide private pedestrian right of way in favour of 45A64.

PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

Description
The access is an overgrown pathway leading to the beach which is only accessible by foot.
There is no sign on Rum Point Road indicating its position.
Images
Looking towards the beach

The view from the beach
NS36 | Block – 49B | Parcel – 4

**Registry Map**
This access runs along the eastern boundary of the property, is a registered as a six feet wide right of way on the parcel register but shown as a private right of way on the registry map.

*PLEASE NOTE* - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

**Description**
This access is a sandy pathway leading to the beach. A clear path can be found leading towards the beach with no obstructions.
There is no sign on Rum Point Road indicating its position.
Images
Looking towards the beach

The view from the beach
Registry Map
This access runs along the eastern boundary of the property and is a registered as a eight feet wide private right of way starting at the southern boundary, narrowing down to nothing at the northern boundary in favour of 49B 16.

PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

Description
This access is a grass pathway leading to the beach. A clear path can be found leading towards the beach with no obstructions.
There is no sign on North Side Road indicating its position.
Images
Looking towards the beach

The view from the beach
Registry Map
This access runs along the eastern boundary of the property and is a registered as a fifteen feet wide private right way to the sea in favour of 49C4.

PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

Description
The access comprises of low shrubs which lead towards the beach that is only accessible by foot. The shrubs restrict full access leading to the beach. There is no sign on North Side Road indicating its position.
Images
Looking towards the beach

The view from the beach
Registry Map
This access runs along the eastern boundary of the property and is a registered as a six feet wide public right of way. This parcel is owned by Crown.

PLEASE NOTE - the red dot/cross line (registered easement) is indicative only and does not represent the true ground position of the registered easement.

Description
The access is a sandy pathway which leads towards the beach that is only accessible by foot. The shrubs restrict full access leading to the beach. There is no sign on North Side Road indicating its position.
