Portfolio of the Civil Service

Foreword

2018 has been an exciting year for the Civil Service with the launch in January of our Five Year Strategic Plan and ambitious vision "to be a World-Class Civil Service. The plan seeks to deliver on 5 priority goals; Excellence in Customer Experience, Leadership, Talent Development, Communication and Governance Practices. In achieving this vison our most essential resource will be our people. Hence this report captures the key trends emerging in the area of talent management.

The 2018 Annual HR Report provides an opportunity to reflect on areas of our people management strategy and workforce planning activities and share information about the Civil Service with a wider audience. This year the scope of the report has been increased to include information on gender parity within the Service and findings from the annual employee engagement survey. The survey is a key indicator of the health of the Civil Service and its ability to perform optimally.

The 2018 fiscal period itself has seen a number of important changes, including:

- Both the Civil Service and wider Public Services have increased in size during the year, by 3.7% and 2.3% respectively. Growth within the Civil Service is largely attributed to the Department of Education Service, Royal Cayman Islands Police Service and the Prison Service (jointly representing 45% of all increases); all priority policy areas in delivering the Governments' strategic outcomes.
- The implementation of a Cost of Living Increase, of 5% in 2018, has made strides to address the remuneration of the Civil Service being 10 years behind inflation. Changes to Civil Service remuneration levels during the budget period led to an increase in the average salary for a Civil Servant, rising to \$49,653 per annum with the largest percentage of staff (26% of the Service) earning between \$40,000 to \$49,999 in annual salary.
- The implementation of changes to Terms and Conditions for Teachers, to support recruitment and employee satisfaction. Changes included the provision for limited discretionary paid leave days, within the school term, and the removal of the requirement to pro-rate payment for summer leave for employees contracted to work for at least one academic year. Over 400 education professionals received salary increases as the Government implemented a phased approach to setting a minimum annual salary for teachers.

With the drive to become a World Class Civil Service and deliver new and existing services with pace and agility, 2019 will continue to see a growing emphasis on our human capital to ensure that the Civil Service is equipped to deliver on our purpose of *making the lives of those we serve better*.

Gloria McField-Nixon Chief Officer Portfolio of the Civil Service

Report Description

This annual report contains information about key statistics and trends impacting human resources within the Civil Service and the wider Public Service. It serves to inform Human Resources (HR) practices within the Civil Service and to educate the wider public on key trends.

Section one (page 2-3) provides information on the demographics of the Public Service, (which includes the 23 Government Owned Companies and Statutory Authorities) as of the 31st December 2018, compared to previous reporting periods.

Section two (pages 4–14) provides information on the demographics of the core Civil Service at the 31st December 2018, addressing a range of issues including the size of the service and Caymanianisation of the work force at both Ministry/Portfolio and Departmental levels.

Section three (pages 15–21) provides information on a range of human resources activities such as recruitment, retention and employee engagement during 2018.

Full Year Summary (page 22) provides a one page overview of the key statistics from the report for the Public and Civil Service.

Glossary (page 23) provides a description of the main terms used in the report.

The report presents data relating to different aspects of human resources management, with a brief accompanying commentary on the data.

Data relating to the Civil Service has been taken from the Cayman Islands Government central HR database (HR-IRIS). Statistics relating to the wider Public Service have been compiled from self-reported data provided by each respective Statutory Authority and Government Owned Company.

This report is presented to Cabinet and tabled in the Legislative Assembly and, in accordance with the Freedom of Information Law, published electronically on the website for the Portfolio of the Civil Service at http://www.pocs.gov.ky

Annual HR reports were produced on a calendar year between 2002 and 2007. From 2007/08 through 2015/16 the HR reporting period changed to reflected the fiscal year which ran from 1st July to 30th June. The 2016/17 budget covered an eighteen month period from 1st July 2016 to 31st December 2017, to facilitate aligning the financial year with the calendar year from 1st January 2018.

The Annual HR Report for 2018 has reverted to the calendar year to reflect the new fiscal reporting period.

 $^{^{*2}}$ Revised Dec17 data submitted by MACI following publication of the 2016/17 report

| | | | Total | % |
|------------------------------|----------|----------|-----------|--------|
| | Dec 2018 | Dec 2017 | Variation | Change |
| Total for Core Government | 3918 | 3778 | 140 | 3.7% |
| Total for the Public Service | 6429 | 6233 | 196 | 3.1% |

| % Employees employed in SAGCs | 39% |
|---|-----|
| % Employees employed in Core Government | 61% |

The Cayman Islands Public Service comprises employees from Statutory Authorities, Government Owned Companies (SAGCs) and the Civil Service. At the end of 2018, the number of employees in the Public Service was **6,429**. **This was an increase of 196 employees, or 3.1%, over the prior financial reporting period.**

There has been a **steady growth in employees within SAGCs** over the past 5 years, reporting 2,511 employees in December 2018. The SAGCs ranged in size from the Cayman Islands Stock Exchange, Cayman National Cultural Foundation and National Gallery of the Cayman Islands who each employed 7 staff members as of 31st December 2018, to the Health Service Authority who employed some 885 staff members.

Note: The Core Government headcount excludes students employed on paid internships during summer and Christmas breaks.

| 4592 | 1641 | 73.7% | 26.3% | | | | | | |

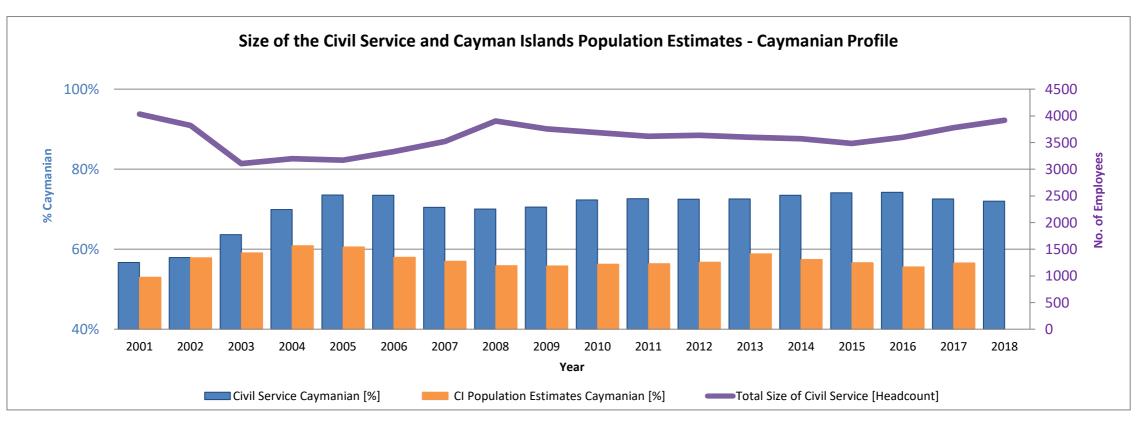

The Public Service of the Cayman Islands is comprised of employees from Statutory Authorities, Government Owned Companies and the Civil Service. At the end of the 2018, the number of Caymanians employed within the Public Service was 4,705 which represents 3.2% of the Public Service.

The representation of Caymanians within Statutory Authorities and Government Owned Companies has remained consistently over 75% for the last seven years, with the highest percentage (78.0%) being achieved in June 2014. Representation of Caymanians in the SAGCs as at 31st December 2018 was 75.0%. Changes can be attributed mainly to decreases at Cayman Airways, CINICO and the National Gallery and increases at the CI Stock Exchange, the National Cultural Foundation, Child and Youth Services Foundation, UCCI, and OfREG (all seeing changes of over 5%, either positive or negative). Individual Statutory Authorities and Government Owned Companies do vary in the proportion of Caymanians they employ and the table above shows the employment level of Caymanians within each business.

The Children and Youth Services Foundation has the lowest proportion of Caymanian employees (37%), while five organisations had a completely Caymanian workforce as at the 31st December 2018. Of the 23 Statutory Authorities or Government Owned Companies, there were 19 with three-quarters or more of their workforce comprising Caymanian employees as indicated by the green shading in the table above. None of the SAGCs had a workforce comprising of less than a quarter of Caymanian employees, as indicated by the orange shading in the table above.

| Total | 4034 | 3820 | 3107 | 3199 | 3169 | 3332 | 3520 | 3904 | 3756 | 3687 | 3619 | 3639 | 3601 | 3571 | 3484 | 3600 | 3778 | 3918 |
| % Caymanian | 56.7% | 58.0% | 63.6% | 70.0% | 73.6% | 73.5% | 70.5% | 70.1% | 70.6% | 72.3% | 72.6% | 72.5% | 72.6% | 73.5% | 74.1% | 74.3% | 72.6% | 72.0% |
| % Non-Caymanian | 43.3% | 42.0% | 36.4% | 30.0% | 26.4% | 26.5% | 29.5% | 29.9% | 29.4% | 27.7% | 27.4% | 27.5% | 27.4% | 26.5% | 25.9% | 25.8% | 27.4% | 28.0% |

The size of the Civil Service has fluctuated over the last twenty years in response to changes in demand for services, public policy and the transformation of departments into Statutory Authorities. The table above provides a snapshot of the size of the Civil Service from January 2001 until December 2018 (represented on the graph by the purple trend line and right hand axis information).

In 2008, in response to the global recession a recruitment moratorium was adopted. Between 2008 and 2015 there was a decrease in the size of the Civil Service. However, over the last three years there has been a reversal of this trend. During 2018, the Civil Service increased in size by 140 or 3.7%. A more detailed breakdown of the departments contributing to this change is provided on page 6.

Since 2004 the percentage of Caymanian employees has remained over 70% (represented on the graph by the dark blue bar graph) with the highest representation, at 74.3%, being reported in June 2016. Increased hiring within the Department of Education, to professions where Caymanians represent less than half the workforce, has contributed to the decreases reported over the last two years.

The Cayman Islands population estimates from the Economics & Statistics Office Compendium of Statistics (2017) are shown in orange providing a comparison against which the Service can be bench-marked. It shows that since 2002, the proportion of Caymanians within the Civil Service remains higher than that of the estimated total population nationally.

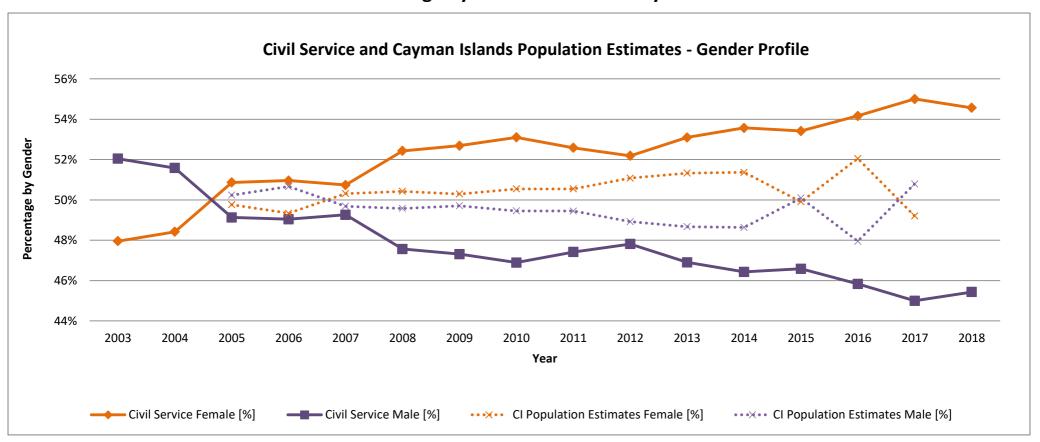

| 2018 | Caymanian | Non- Caymanian |
|---|-----------|-------------------|
| Chief Officers [Including Acting] | 73% [11] | 27% [4] |
| Heads of Department | 79% [54] | 21% [14] |
| 2018 Promotions [As flagged for payroll salary change reason] | 68% [121] | 32% [56] |

As of the 31st December 2018, Caymanians represented 73% of Chief Officers and 79% of Heads of Departments, which is in line with, or slightly higher than, Caymanian representation within the Civil Service as a whole.

During 2018, 68% of promotions within the Service were to Caymanians, 4% below the representation of Caymanians across the Service.

Note: Demographics for the Civil Service contain a number of exclusions which are outlined in the Glossary on page 23. Notably, students employed on paid internships during vacation periods are excluded as are members of the Judiciary, Members of the Legislative Assembly, political appointments, the London Office and His Excellency the Governor.

Size of the Civil Service and Percentage by Gender from January 2003 to December 2018

| Date | Jan-03 | Jan-04 | Jan-05 | Jan-06 | Jan-07 | Jun-08 | Jun-09 | Jun-10 | Jun-11 | Jun-12 | Jun-13 | Jun-14 | Jun-15 | Jun-16 | Dec-17 | Dec-18 |

| Female | 1490 | 1549 | 1612 | 1698 | 1786 | 2047 | 1979 | 1958 | 1903 | 1899 | 1912 | 1913 | 1861 | 1950 | 2078 | 2138 |
| Male | 1617 | 1650 | 1557 | 1634 | 1734 | 1857 | 1777 | 1729 | 1716 | 1740 | 1689 | 1658 | 1623 | 1650 | 1700 | 1780 |
| Total | 3107 | 3199 | 3169 | 3332 | 3520 | 3904 | 3756 | 3687 | 3619 | 3639 | 3601 | 3571 | 3484 | 3600 | 3778 | 3918 |
| % Female | 48.0% | 48.4% | 50.9% | 51.0% | 50.7% | 52.4% | 52.7% | 53.1% | 52.6% | 52.2% | 53.1% | 53.6% | 53.4% | 54.2% | 55.0% | 54.6% |
| % Male | 52.0% | 51.6% | 49.1% | 49.0% | 49.3% | 47.6% | 47.3% | 46.9% | 47.4% | 47.8% | 46.9% | 46.4% | 46.6% | 45.8% | 45.0% | 45.4% |

As the size of the Civil Service has changed over the last fifteen years, so has the proportion of women within the Service. The table above provides a snapshot of the gender balance within the Civil Service from January 2003 until December 2018. Since 2005, the representation of females in the service has been higher than their male counter parts. The accompanying graph shows how the balance has moved from women forming 48% of the Service in 2003 to its present level of 55%. This represents a growth of 648 women from the 1,490 employed in 2003. The Cayman Islands population estimates from the Economics & Statistics Office Compendium of Statistics (2017) are shown as dotted lines, giving a comparison against which gender parity can be bench-marked.

| 2018 | Female | Male |
|---|-------------|-------------|
| Percentage / Number of Civil Servants | 55% [2,138] | 45% [1,780] |
| Average Annual Salary | \$49,872 | \$49,391 |
| Chief Officers [Including Acting] | 53% [8] | 47% [7] |
| Heads of Department | 49% [33] | 51% [35] |
| 2018 Promotions [As flagged for payroll salary change reason] | 54% [96] | 46% [81] |

In 2018, women represented over half of Chief Officers, 49% of Heads of Departments and 54% of promotions, closely aligned to their representation in the workforce.

Whilst women represent over half of the employees in grades F, H and I, grade J is the highest grade at which the representation in the grade is in line with the representation of women in the Service as a whole (55%).

Further information relating to the gender split of the Civil Service by grade is located on page 11.

Change in Size of the Civil Service during 2018 by Department

The table above shows the number of employees within each department in December 2017 and 2018. At the end of 2018 there were 68 departments across government. Most departments (49 of the 58 where there was a headcount change) experienced a small change in employee figures during the year (of 5 employees or less).

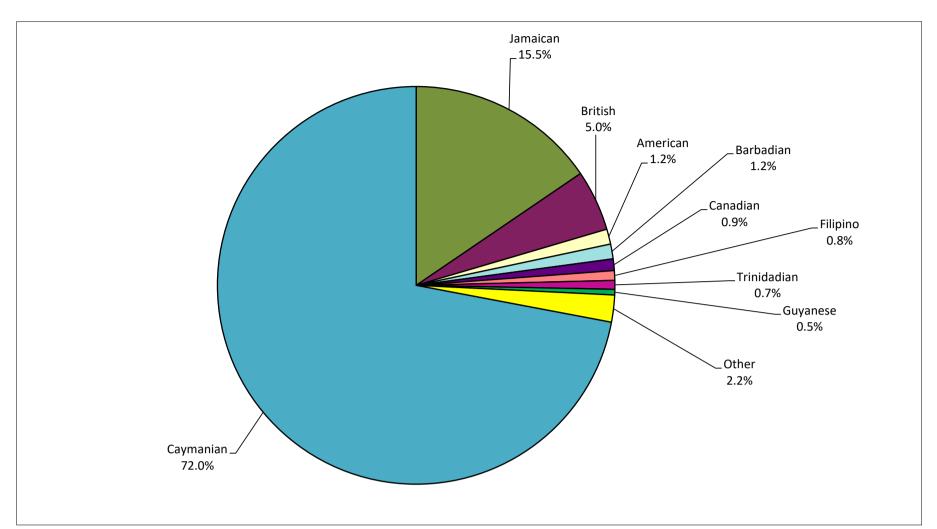

Nine departments saw increases in staffing of more than five employees; Education Services (25 employees), the RCIPS (20 employees), the Prison Service (18 employees), Customs (12 employees), Children and Family Services and Immigration (each with 10 employees), the Core Ministry of HR&I (9 employees) and Planning (6 employees). District Administration saw a decrease of twelve employees.

This was the third consecutive year that the Department of Education Services experienced the largest increase in staff, with an increase of 54 and 55 employees reported in the 2016/17 and 2015/16 annual reports respectively.

In 2018, the Civil Service prepared for the establishment of Customs and Border Control (CBC) and Workforce Opportunities Residency Cayman (WORC), which became effective 1st February 2019. These agencies replaced Immigration, Customs and the National Workforce Development Agency.

The table above shows the number of employees that worked within the 68 government departments as at 31st December 2018, grouped by Caymanian and non-Caymanian. The bright shading in the % Caymanian column of the table provides an indication of how effective the department has been in attracting and retaining Caymanians, with the grey shading indicating the proportion of non-Caymanians.

There were eleven (11) departments where 50% or more of employees were non-Caymanian; Forty-seven departments had a higher percentage of Caymanian employees than the average for the Civil Service (72.0%). There were 6 entities with a 100% Caymanian workforce; Marketing and Communications Unit, Ministry of CA (Core), Ministry of FS&HA (Core), National Archive, Needs Assessment Unit and the Youth Services Unit.

Effective 9th
September 2016
the normal
retirement age for
the Civil Service
rose from age 60 to
age 65.

8.2%

The bar chart shows the number of employees within core Government as at 31st December 2018, across the various age ranges. The highest concentration of Civil Servants was in the 45-49 age range (14.7%) and for the first time the second highest concentration has shifted to the 35-39 age range (14.2%). Similar reducing percentage numbers of Civil Servants are in the 40-44 and 50-54 age ranges (13.6% and 13.5% respectively). The average age of a Civil Servant within the Cayman Islands was 43 years, with the youngest employee being aged 17 and the oldest employee aged 73.

The normal retirement age for the Civil Service increased in September 2016 from age 60 to age 65. Civil Servants reaching retirement age may be re-employed subject to provisions defined in the Public Service Management Law and Personnel Regulations. The percentage of employees over age 60 (the former normal retirement age) had varied between 4.4% and 6.4% during the preceding 13 years. As of 31st December 2018, there were 62 employees (1.6% of the Service) over age 65, the new retirement age.

More detailed information regarding the age distribution of employees can be found on page 10, where the data is broken down by department.

The table above shows the number of Civil Servants within each department spread across various age ranges. The largest group of employees is in the 40-49 age range (28% of the Service) with the 30-39 and 50-59 age-ranges each constituting approximately another quarter of the Service.

The shading on the right hand side of the table identifies the departments who had an above average representation of Civil Servants over the normal retirement age as at 31st December 2018, with the darker shading representing higher percentages of employees over 65 years old. Whilst 42 departments did not have employees over the normal retirement age, the Mosquito Research & Control Unit (MRCU), National Archive, Department of Planning and Portfolio of the Civil Service each have more than five times the average percentage of employees aged 65 or above.

Note: In September 2016 the normal retirement age for the Civil Service was raised from age 60 to age 65.

The Civil Service by Gender and Salary Grade

| | Α | В | С | D | E | F | G | Н | - | J | K | L | М | N | 0 | P | Q | R | GFF | GEE | GDD | GCC | GBB | GAA | Total |

| Female | 0 | 0 | 5 | 5 | 9 | 28 | 33 | 65 | 85 | 134 | 480 | 195 | 281 | 136 | 195 | 139 | 177 | 31 | 0 | 0 | 0 | 21 | 63 | 56 | 2138 |
| Male | 1 | 2 | 7 | 6 | 11 | 26 | 37 | 62 | 76 | 108 | 180 | 128 | 427 | 78 | 185 | 83 | 60 | 22 | 25 | 24 | 64 | 42 | 72 | 54 | 1780 |
| Total | 1 | 2 | 12 | 11 | 20 | 54 | 70 | 127 | 161 | 242 | 660 | 323 | 708 | 214 | 380 | 222 | 237 | 53 | 25 | 24 | 64 | 63 | 135 | 110 | 3918 |

The two bar charts above show the proportion of each salary grade that female and male Civil Servants were paid on as at 31st December 2018. The solid lines show the percentage expected if the grades were uniformly distributed. There continues to be a larger proportion of Civil Service roles held by females, with the Service comprised of **55% female and 45% male**.

The table above shows that the 3 senior executive, falling within grades A & B, were held by men. These positions are the Deputy Governor, Financial Secretary and Attorney General.

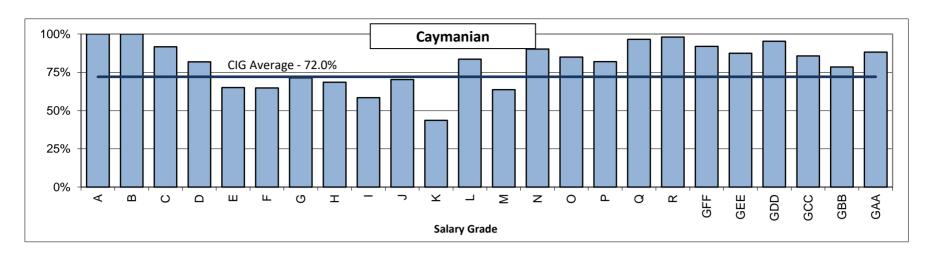

For other organisational executives (predominantly falling within grades C to G), 48% of the roles were held by females and 52% were held by male Civil Servants. Positions within grades C to G include; Chief Officer, Deputy Chief Officer, Head of Departments and Deputy Head of Department, amongst others.

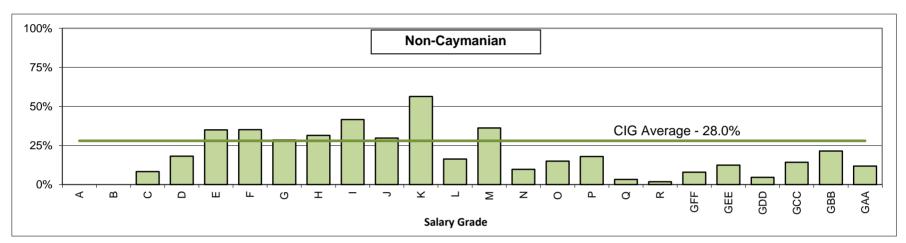

Within the middle/junior management and specialist technical roles (predominantly found in grades H to K), the gender split was 64% female and 36% male. This is a 7% increase in females employed within these pay grades compared to the 2017 gender split, predominantly related to the regrade of Teacher roles from grade L to grade K, as the profession has a disproportionally high female representation (75%).

Within the top and middle level operational roles (predominantly found in grades L to O), the gender split was 50:50. Females dominated the lowest level support roles (grades P to R) representing 68% of the workforce in that category.

Male employees dominated the higher wage worker grades; where all employees at grades GFF to GDD were male (largely associated with roles in the specialist trades). Wage workers employed on the lower grades reflected a more even spread; where 45% of employees at grades GCC to GAA were female and 55% were male.

The Civil Service by Nationality and Salary Grade

| | Α | В | С | D | E | F | G | Η | ı | _ | K | L | Δ | 2 | 0 | Р | Q | R | GFF | GEE | GDD | GCC | GBB | GAA | Total |
|---------------|---|---|----|----|----|----|----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|----|-----|-----|-----|-----|-----|-----|-------|
| Caymanian | 1 | 2 | 11 | 9 | 13 | 35 | 50 | 87 | 94 | 170 | 288 | 270 | 451 | 193 | 323 | 182 | 229 | 52 | 23 | 21 | 61 | 54 | 106 | 97 | 2822 |
| Non-Caymanian | 0 | 0 | 1 | 2 | 7 | 19 | 20 | 40 | 67 | 72 | 372 | 53 | 257 | 21 | 57 | 40 | 8 | 1 | 2 | 3 | 3 | 9 | 29 | 13 | 1096 |
| Total | 1 | 2 | 12 | 11 | 20 | 54 | 70 | 127 | 161 | 242 | 660 | 323 | 708 | 214 | 380 | 222 | 237 | 53 | 25 | 24 | 64 | 63 | 135 | 110 | 3918 |

The two bar charts above show the percentage of salary grades that Caymanian and non-Caymanian employees were paid on the 31st December 2018. When looking at the Civil Service as a whole, **Caymanian employees made up 72.0% of the workforce.**

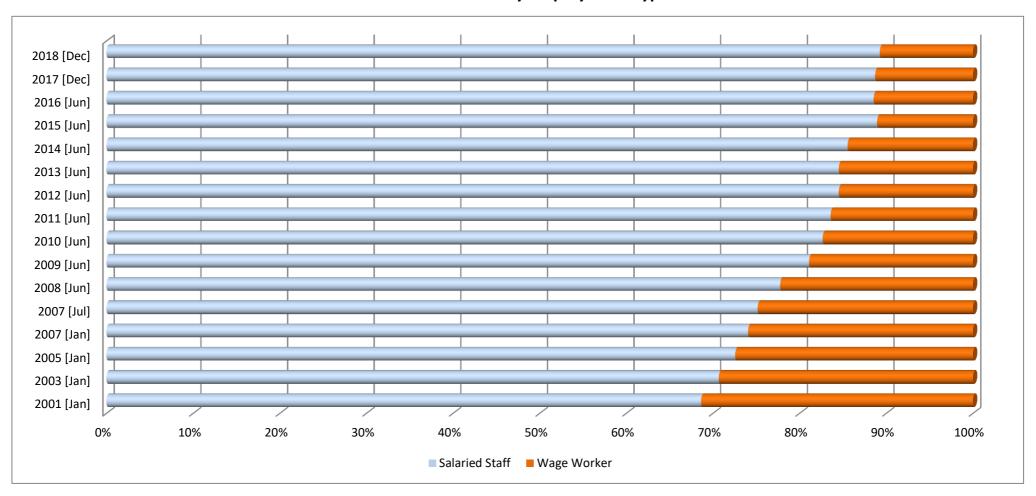

The table above shows that the 3 senior executive roles, falling within grades A & B, were held by Caymanians. These positions are the Deputy Governor, Financial Secretary and Attorney General.

For other organisational executives (predominantly falling within grades C to G), Caymanians constituted 71% of employees in these roles, slightly below the average of the Civil Service as a whole. Positions within grades C to G include; Chief Officer, Deputy Chief Officer, Head of Department, Deputy Head of Department and others.

Within the middle/junior management and specialist technical roles (predominantly found in grades H to K) Caymanian representation was 54%. This is an 11% decrease compared to 2017, predominantly related to the regrade of Teacher roles from grade L to grade K, a profession which has disproportionally high representation of non-Caymanian (65%). In the lower salary grades (P-R), Caymanian representation was at 90%, and Caymanians also represented the majority (86%) of employees, in the wage worker pay grades (GAA-GFF).

This pattern may be explained in part by Ministries and Portfolios being less likely to recruit overseas for more junior roles within the Civil Service. Non-Caymanians tend to hold a higher proportion of posts in the mid-salary range, which are more likely to be specialist roles.

| Education Department | 18 | 780 | 798 | 2.3% |
| Ministry of Community Affairs Admin | 1 | 13 | 14 | 7.1% |
| Public Works Department | 80 | 46 | 126 | 63.5% |
| Tourism Department | 4 | 43 | 47 | 8.5% |
| Total | 421 | | · · | - |

The 9 departments listed on the table to the left employed Civil Servants on wage worker terms and conditions as at 31st December 2018. The Department of Children and Family Services, District Administration, Environmental Health and Public Works had over half of their staff contracted on wage worker terms and conditions.

During 2018, of the 435 new appointments to the Civil Service, 17.5% were appointed on wage worker contracts. Further information relating to recruitment and appointments can be found on page 16.

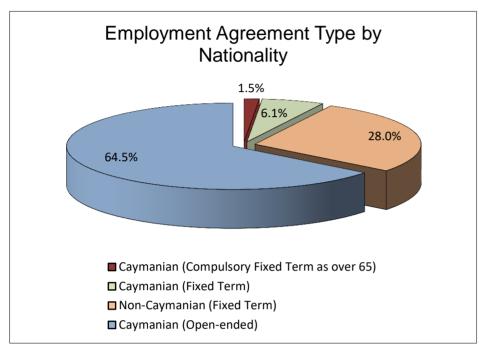

Personnel Regulations state that an employee's wages or salary should be paid on a monthly basis **or in exceptional circumstances** on a bi-weekly basis. When the Public Service Management Law and associated Personnel Regulations came into effect in January 2007, the majority of contractual differences between salaried staff and wage workers were resolved.

The Civil Service by Employment Arrangements

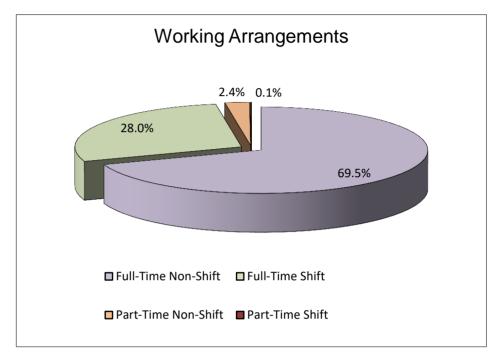

Working Arrangements

As of the 31st December 2018, the majority of Civil Servants worked full-time, with less than 3% of the Service being employed on part-time working arrangements. Part-time employees were employed across 11 different departments with the largest representation within District Administration and the Department of Education Services.

Shift workers represented just over 28% of the Service by the end of 2018, with 27 departments reporting that they employed Civil Servants on shifts. The Police Service (34%), Prison Service (13%), Customs Department (11%) and Fire Service (10%) together employed the majority of shift workers (68% of the over 1100 employees working shifts).

| Employee Agreement | Number of Employees | % of the Civil Service |
|----------------------------|------------------------|---------------------------|
| Fixed Term - Caymanian | 296 | 7.6% |
| Fixed Term - Non-Caymanian | 1096 | 28.0% |
| Open-Ended - Caymanian | 2526 | 64.5% |
| Total | 3918 | 100% |

| Employment Arrangement | Number of Employees | % of the Civil Service |
|------------------------|------------------------|---------------------------|
| Full-Time Non-Shift | 2724 | 69.5% |
| Full-Time Shift | 1097 | 28.0% |
| Part-Time Non-Shift | 93 | 2.4% |
| Part-Time Shift | 4 | 0.1% |
| Total | 3918 | 100% |

Employment Agreement Type

Personnel Regulations outline the following tenure arrangements for employees;

- Caymanians should be placed on an "open-ended" tenure to their 65th birthday unless; the position/post undertaken has a finite life, the individual is over the compulsory retirement age (in which case it should be fixed-term for no more than 2 years) or when there are other good reasons not to do so.
- Non-Caymanian employees should have a fixed-term employment agreement of no longer than 3 years.

Note: A number of roles have terms and conditions outlined in other Laws or Regulations, such as the Police Commissioner who may be awarded a fixed-term contract of up to 5 years per contract or the Ombudsman who may be awarded a one-time fixed-term contract of 7 years.

The pie chart above shows the proportion of employees that held open-ended or fixed-term employment agreements as at 31st December 2018. Sixty-four per cent (64%) of the Civil Service were Caymanian employees on open-ended employment agreements; 8% were Caymanians on fixed-term employment agreements and 28% were non-Caymanians on fixed-term employment agreements.

In the pie-chart, the latter category has been split to show those Caymanian employees who were over 65 years old and holding 'compulsory' fixed term employment agreements (2%), and those with standard fixed term employment agreements (6%). The raise in retirement age (to age 65 in September 2016) and the subsequent requirement for individuals to re-join the pension scheme if under the new mandatory retirement age, either prior to or at the end of their current contract, will have impacted the proportion of Caymanians moving from fixed-term contracts over the last two reporting periods.

HR Activity for the Civil Service for 2018 - Remuneration & Reward

Civil Servants Remuneration Levels and Activity During 2018

Civil Servants Annual Salary Distribution

| Annual Salary | No. of Civil | % of Civil | Cumulative |
|------------------------|--------------|------------|------------|
| (Based on FTE) | Servants | Servants | % |
| Under \$20,000 | 65 | 1.7% | 1.7% |
| \$20,000 to \$29,999 | 412 | 10.5% | 12.2% |
| \$30,000 to \$39,999 | 795 | 20.3% | 32.5% |
| \$40,000 to \$49,999 | 1,028 | 26.2% | 58.7% |
| \$50,000 to \$59,999 | 816 | 20.8% | 79.5% |
| \$60,000 to \$69,999 | 335 | 8.6% | 88.1% |
| \$70,000 to \$79,999 | 187 | 4.8% | 92.9% |
| \$80,000 to \$89,999 | 94 | 2.4% | 95.3% |
| \$90,000 to \$99,999 | 64 | 1.6% | 96.9% |
| \$100,000 to \$109,999 | 44 | 1.1% | 98.0% |

| \$120,000 to \$129,999 | 21 | 0.5% | 99.5% |
| \$130,000 to \$139,999 | 11 | 0.3% | 99.8% |
| \$140,000 to \$149,999 | 4 | 0.1% | 99.9% |
| \$150,000 to \$159,999 | 2 | 0.1% | 99.9% |
| \$170,000 and Above | 3 | 0.1% | 100% |
| Total | 3918 | 100% | |

The Cayman Islands Government salary grades are split into salary points. Each grade contains between 5 and 13 individual points. Automatic annual increments have been frozen within the Civil Service since 2002. The salary scale in effect on the 31st December 2018 ranged between \$19,428 (R point 1) and \$192,888 (A point 5) per annum for salaried staff and between \$9.75 (GAA point 1) and \$21.40 (GFF point 5) per hour for Wage Workers.

The table above shows that the majority of the Civil Service were paid towards the lower end of the Government salary range with 59% of the Civil Service earning under \$50,000 per annum (a 10% decrease from the 69% reported for 2016/17).

The largest group of Civil Servants (26%) earned salaries in the \$40,000 to \$49,999 range, with the \$50,000 to \$59,000 and \$30,000 to \$39,000 ranges being the next largest (21% and 20% of Civil Servants respectively).

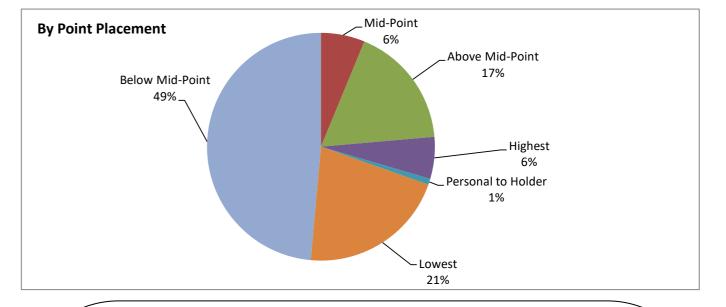

The average full-time equivalent annual salary for the Civil Service as at the 31st

December 2018 was \$49,653; an increase of \$3,078 compared to the December 2017 average. This is the fourth consecutive year that an increase in average salary has been reported following decreases in the preceding two fiscal years. Effective the 1st July 2018, a cost of living [COLA] increase of 5% was awarded to all Civil Servants.

The provision of medical benefits and pension, without employee contribution, should be noted when making comparisons for overall remuneration packages for Civil Servants against other organisations; as these represent significant employee benefits.

Civil Servants Distribution Across the Salary Points

| | No. of Civil | % | Cumulative |
|---------------------------|--------------|-------|------------|
| Point Placement | Servants | | % |
| Lowest Point | 824 | 21.0% | 21.0% |
| Below Mid-Point | 1,903 | 48.6% | 69.6% |
| Mid-Point | 244 | 6.2% | 75.8% |
| Above Mid-Point | 681 | 17.4% | 93.2% |
| Highest Point | 233 | 5.9% | 99.2% |
| Personal to Holder Amount | 33 | 0.8% | 100% |
| Total | 3918 | 100% | |

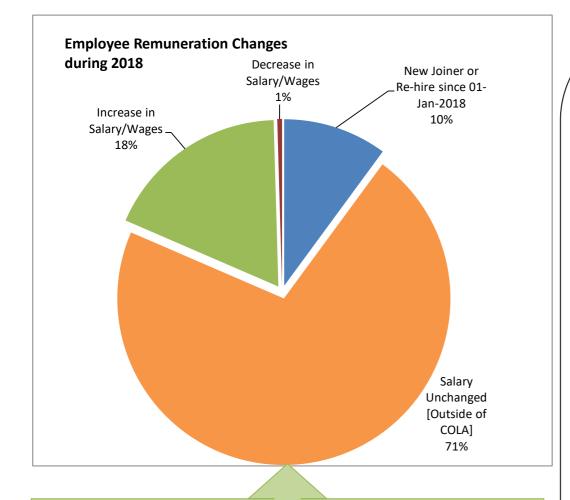

The Public Service Management Law and Personnel Regulations outline the authority of Appointing Officers to determine the point placement of individuals within a grade. A range of factors are considered, including experience and qualifications.

The table and pie-chart above summarise the position of employees within the salary scales for the Civil Service as at 31st December 2018. Some 76% of the Civil Service had a point placement that was less than or equal to the mid-point of the range; compared with the 74% reported for 2017. 21% of Civil Servants are on the lowest point (point 1) of their salary grade, a slight increase from the 19% reported in 2017.

Within the Civil Service, 6% of employees were on the highest point of their range and a further 1% had an individual salary that was either outside of the salary scale or unaligned to a point within the salary scale.

Of the new hire appointments to the Service during 2018, 214 of the 435 appointments (49%) were made to point 1 of the salary grade (compared with the 48% reported for 2016/17); whilst 89% of all new hiring appointments were made to point placements that were below the mid-point of the scale.

593 employees gained roles on a higher grade representing internal advancement within the Civil Service (through promotions or job enlargement). Of those 53% were Caymanian, this is almost 30% lower than then the previous reporting period. As two-thirds of adjustments were for staff within the Department of Education, this percentage will have been impacted by the re-grade of teaching roles.

Civil Servants Annual Salary Changes

The adjacent graph shows the change in Civil Service remuneration during 2018 [based on a comparison of employee salaries as at 31st December 2017 and 31st December 2018].

In September 2018, a cost of living increase (COLA) of 5% was announced for the Civil Servants, retro-active to June 2018. The graph on remuneration indicates additional changes experienced across the Service (outside of COLA).

In addition to the COLA award for all Civil Servants, 18% of the Service received an increase during 2018, as a result of promotions, roles being re-evaluated or receiving within grade adjustments. This represented 707 employees across 59 departments.

Of those employees receiving a salary increase, 63% related to employees within the Department of Education Services who were largely impacted as a result of the re-grade of teaching roles, and resulting adjustments arising from a Cabinet commitment to incrementally increase the minimum base pay for the teaching profession to \$5,000 per month. Of the remaining departments, where staff had increases, each of them contributed 3% or less of all employees experiencing increases.

Notably, 0.5% of the Civil Service received a salary decrease during 2018, largely associated with employees moving into roles on a lower grade. This may be in response to the introduction of phased retirement provisions in 2016, which provides additional flexibility for employees to remain with the Service on a part-time basis or in a lower graded role, while also receiving their monthly pension.

A further 10% of employees were new joiners to the Civil Service after the 31st December 2017, who consequently did not have data for comparison purposes.

HR Activity for the Civil Service for 2018 - Recruitment/Appointments

Appointments Made On and Off Island by Employment Type

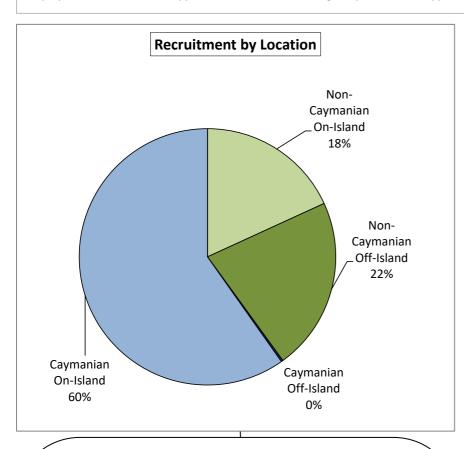

Appointments from On/Off Island*

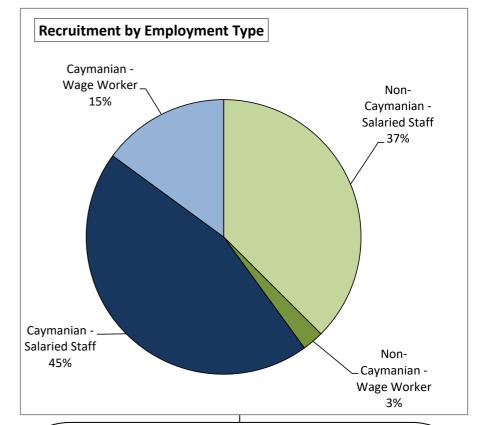

| | | | | % by |
|------------------|-----------|-----------|--------|-------------|
| Recruitment | | Non- | | Recruitment |
| Location | Caymanian | Caymanian | Total | Location |
| Off-Island | 1 | 95 | 96 | 22.1% |
| On-Island | 260 | 79 | 339 | 77.9% |
| Total | 261 | 174 | 435 | 100.0% |
| % by Nationality | 60.0% | 40.0% | 100.0% | |

Appointments by Employment Type*

| | | | | % by |
|------------------|-----------|-----------|--------|------------|
| Employment | | Non- | | Employment |
| Туре | Caymanian | Caymanian | Total | Type |
| Salaried Staff | 196 | 163 | 359 | 82.5% |
| Wage Worker | 65 | 11 | 76 | 17.5% |
| Total | 261 | 174 | 435 | 100.0% |
| % by Nationality | 60.0% | 40.0% | 100.0% | |

^{*} Appointment figures reflect new hires to the Civil Service and consequently do not include internal appointments to different entities or the contract renewal of existing employees. Student interns that were employed for short-term (1-3 month) work experience and supply teachers appointed to cover interim appointments are excluded from the data. The same employee can be recruited or appointed more than once in a given year and each appointment is counted as a separate activity.

Information in the table and pie-chart above show whether recruitment/appointment activity undertaken in 2018 was for individuals relocating from overseas or for current residents.

During 2018, **78%** of all appointments were made for applicants who were **on-island**; with Caymanians constituting the largest group.

Of the appointments for non-Caymanian employees (174 in total), 45% were recruited on-island.

Note: The information excludes 122 student interns that were employed for short-term work experience during 2018, 99% of whom where Caymanian.

Information in the table and pie-chart above shows that during 2018, 83% of new hires were Salaried Staff with the remaining 17% being Wage Worker (paid an hourly rate within the GAA-GFF pay grades). The appointment of Wage Workers appears relatively high given that Wage Workers represented 11% of the Civil Service as at 31st December 2018 (see page 13).

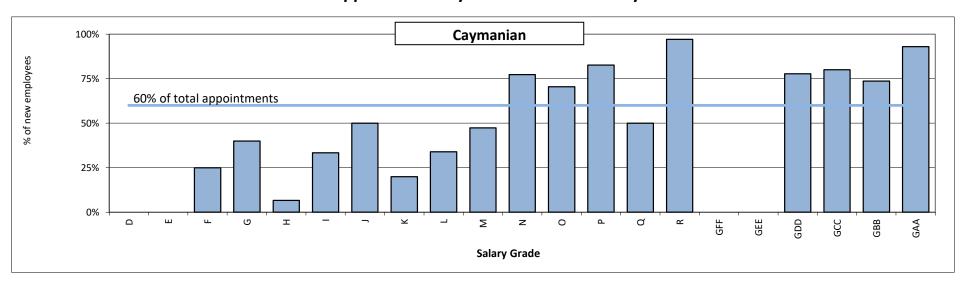

New Wage Worker appointments were predominantly made by District Administration, accounting for half of all Wage Worker appointments. District Administration appointments included 36 Office Attendant III on short-term contracts. It should be noted that District Administration operates an extended Internship Program to assist students during their "gap" year before continuing their education or permanently entering the work force.

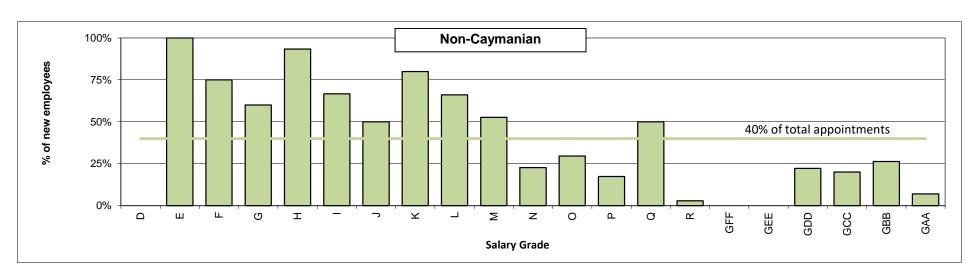

Other appointments to wage workers were within the Department of Agriculture, Department of Child & Family Services (with appointments to the various levels of Community Care Worker), Department of Environmental Health and Public Works Department.

This section provides an overview of recruitment/appointment activities during 2018. During the year there were 587 appointments to the Civil Service, however 122 of these were to student interns, 13 were part of the apprenticeship scheme offered through the Public Works Department that offers short-term employment to Caymanians to ready them for employment in the construction industry and 17 where supply teachers, all groups that have been excluded from the more detailed analysis above.

HR Activity for the Civil Service for 2018 - Recruitment/Appointments

Appointments by Grade and Nationality

| Grade | A-C | D | E | F | G | Н | I | J | К | L | М | N | 0 | P | Q | R | GFF | GEE | GDD | GCC | GBB | GAA | Total | % |

| Non-Caymanian | - | - | 2 | 3 | 3 | 14 | 6 | 7 | 28 | 33 | 20 | 5 | 13 | 8 | 20 | 1 | - | - | 2 | 1 | 5 | 3 | 174 | 40.0% |
| Total | 0 | 0 | 2 | 4 | 5 | 15 | 9 | 14 | 35 | 50 | 38 | 22 | 44 | 46 | 40 | 35 | 0 | 0 | 9 | 5 | 19 | 43 | 435 | 100.0% |

Caymanians constituted 60% of all new recruits/appointments to the Civil Service during 2018, across a wide range of roles and grades. This is a smaller percentage when compared to the percentage of Caymanians in the Service (72%) but a larger percentage than reflective of the percentage of Caymanians in the Working Age Population, which were reported in the latest ESO Compendium of Statistics (2017) to be 54%.

During 2018, 34 departments made non-Caymanians appointments. 71% of all non-Caymanians recruited to the Civil Service were within five departments; the Department of Education Services accounted for 31% (54 appointments), the Police Service accounted for 15% (26 appointments), the Prison Service accounted for 12% (21 appointments), whilst the Department of Children & Family Services and Portfolio of Legal Affairs both accounted for a further 6% each (11 appointments each).

Over half (32) of the 57 departments who recruited new Civil Servants during 2018, made hiring decisions where the ratio of female appointments was higher than the average percentage of female employees within the Civil Service (55%). New hires within 12 departments were all female, whilst new hires for 11 departments were all male. The Department of Education, where 51 of the 67 new hires were female (76%), made the highest number of female appointments.

It should be noted that:-

- (i) The above details do not form the full picture of attraction, retention and promotion of Caymanians within the Civil Service, as these figures do not take into account existing civil servants who have been appointed to new roles within Government. See pages 4 and 15 for related information on promotions during 2018.
- (ii) Appointment data does not include information relating to the contract renewal process for existing employees.

| Turnover Rate* by Caymanian/Non-Caymanian | 7.6% | 7.1% | employees at the end of ea | | 1.712.200.401 | |

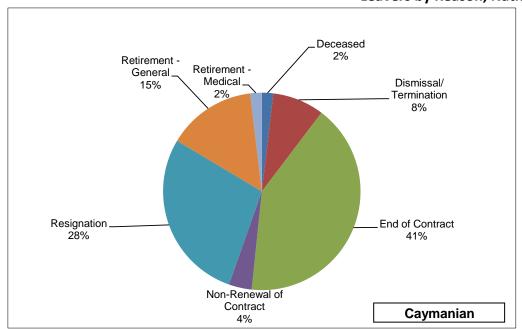

The annual turnover rate for the Civil Service for 2018 [1st January to 31st December] excluding student interns, PWD apprentices and supply teachers was 7.5%, a reduction on previous years. Reports for 2016/17, 2015/16, 2014/15 and 2013/14 show the Government turnover rates, for comparable data, at 9.6%, 8.7%, 11.8% and 12.6% respectively.

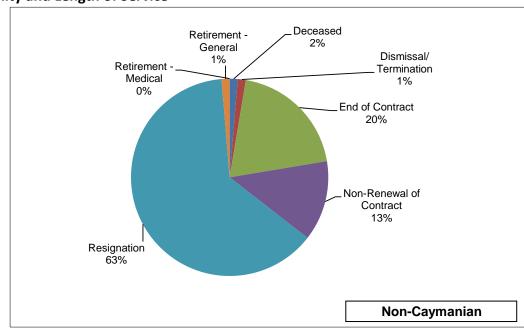

Those departments experiencing more than double the average turnover rate within the Civil Service are identified above in red text whilst turnover rates that are below half the Government average are identified in blue text.

Note: Several departments showing a high percentage of turnover are departments with very small numbers of staff.

| Total | 213 | 100% | 76 | 100% | 289 | 100% | |

Leavers by Length of Service

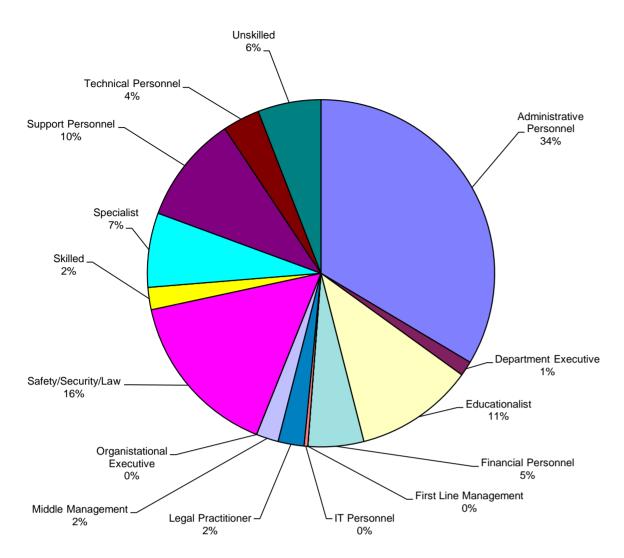

The main reasons that Civil Servants leave the organisation are as a result of resignations (37%) and employment agreements coming to an end (36%). Almost two thirds of non-Caymanians (63%) who left the Service in 2018 did so as a result of resignations with a further 20% leaving as they reached the end of their contract. Resignations and contracts reaching an end also form the majority of reasons why Caymanians leave employment (28%) and (41%) respectively. In 2018, 13% of non-Caymanian leavers did so as a result of their contracts not being renewed, while 8% of Caymanians were dismissed from the Service, both increases on the previous reporting period.

Some 44% of Caymanian leavers had less than one year service when leaving the Civil Service; this is largely related to the opportunities offered for Caymanians on Cayman Brac in short-term Office Attendant III roles. Excluding these groups of employees from the information reduces the percentage of Caymanians leaving within one year to 30% which is more in line, but still more than that experienced by non-Caymanians. The cumulative figures show that almost 45% of all leavers from the Cayman Islands Government have less than two years of service.

*Based on leaver information for 2018 and the average number of employees at the end of each quarter

The table above shows the turnover rate by broad job classification. Those shaded in blue represent categories where turnover is below the Government average, whilst those shaded red have a turnover rate of more than twice the Government average. During 2018, the highest categories of staff turnover were Legal Practitioners (with annual turnover rates of 18%). It should be noted that roles can fall into a number of the above categories and therefore the above figures should be used as a guide only.

The turnover rate for the combined **Uniform Departments was 4.5%.** This is line with that experienced by the uniform divisions over the last few years, where the variation within turnover year on year has been very low. The specialism within uniform roles together with the difficulty of finding comparable employment within the private sector may have contributed to this low turnover rate.

The turnover rate for **teaching staff** is also below that of the Government average at 6.2% [when excluding the impact of Supply Teachers who are appointed to cover short-term vacancies/absences].

HR Activity for the Civil Service for 2018 - Engagement

2018 Employee Engagment Survey Results

Conducted on an annual basis the Annual Employee Engagement Survey acts as a barometer to indicate the health of the organisation, in terms of the employee/employer relationship, in a number of critical areas. The 2018 survey was the second annual survey conducted for the Civil Service and took place between the 1st and 19th of October 2018. It provided an opportunity for all Civil Servants to have input on a range of areas that impact their everyday working lives. Returns were received by 2,811 Civil Servants representing a 72% response rate, an increase of 11% in the participation rate compared to 2017. The survey is conducted on behalf of the Civil Service by ORC International to ensure it is independent, confidential to participants and can be benchmarked internationally.

The headline results for the Civil Service are summarised below, and show an increase in every area including a 3% increase in our overall engagement index compared with last year, reaching 70%.

The survey identified numerous areas of strength with a 90% or higher positive rating, including 94% of respondents confirming their awareness of our vision to be a World-Class Civil Service and 91% confirming they understand how their work contributes to helping us achieve our vision.

This is an increase of 15% and 11% respectively on the 2017 survey results, and reflective of the work that has been undertaken to familiarise employees with the 5 year Strategic Plan.

Pay and benefits continued to feature heavily in the highest negative scoring areas. However, there has been an improvement of 8% on the 2017 scores in this area.

A number of strands of work have been delivered which addressed pay and benefits in 2018 including;

- The award of a 5% Cost of Living Adjustment in July 2018
- Remuneration adjustments for teachers and
- Regulatory changes to facilitate changes to Teachers Terms and Conditions of employment.

Further details on Civil Servants remuneration can be found on page 15.

Some of the biggest influencers of engagement are around leadership, the management of change and the manager relationship with their direct reports. Management and Leadership Development was one of the priority goals for 2018 with heavy investment in developing leaders at all levels across the service. This has manifested itself in an increase of 3% in the engagement scores for both "My manager" and "Leadership and managing change". These two areas will remain areas of focus as the positive rating for "My manager" reached 61% in the 2018 survey and 50% for "Leadership and managing changes".

Overall there was one area that saw a decrease between 2017 and 2018. This question related to awareness of the Public Servants Code of Conduct, which saw a decrease of 1%, remaining however at a very positive 92%.

Glossary

| Public Service | The Civil Service and employees of Statutory Authorities and Government Owned Companies. |
|-------------------------------------|--|
| Civil Servant | A person employed by the government, but does not include a Member of the Legislative Assembly other than an Official Member, and is a public officer for the purposes of the Constitution. For clarification, this report: (i) Excludes: The Chief Justice, Judges, Magistrates, His Excellency the Governor; (ii) Excludes: FCO staff within the Governor's Office and staff working overseas contracted under terms & conditions of the resident country (Department of Tourism and London Office). (iii) Excludes: Student Interns (classified under the designation "Office Support Assistant") who are appointed on short-term contracts during school/university non-term periods For Example: June 2016 - Excludes 52 student interns June 2017 - Excludes 41 student interns December 2018 - Excludes 18 student interns December 2018 - Excludes 18 student interns |
| | (iii) Excludes: PWD Apprentices (classified under the designation "Facilities Support Technician III") who are appointed on short-term contracts as part of the PWD commitment to developing Caymanians to enter the local construction industry |
| Employee Type | Describes the terms and conditions that an employee is retained on. Under the Public Service Management Law (2018 Revision) and Personnel Regulations (2017 Revision), employees can be employed either as Salaried Staff who are paid monthly or Wage Workers defined as "a staff member whose remuneration is calculated at an hourly rate". |
| Number of Employees or Headcount | The number of individuals. Where an employee holds two distinct jobs they are included in the totals twice, as they may be working in two different departments and should appear in both sub totals. |
| Department | The information presented at department level relates to the various cost centres that constitute a department. Where a Ministry or Portfolio appears listed as a department this does not mean the whole Ministry/Portfolio. It relates to those cost centres that fall under the Ministry/Portfolio administration. |
| Pay Grade | Describes the remuneration band an employee is assigned to. Salaried staff are paid on grades A to R, where A is the highest grade and R the lowest. Where a high-ranking position lies outside the regular grading structure, the positions have been categorised under grade A for ease of classification. Employees remunerated hourly, referred to as Wage Workers, are paid on grades GAA through GFF where GFF is the highest grade and GAA the lowest. |
| Nationality | Describes whether an employee is Caymanian or non-Caymanian. |
| Country of Recruitment | Describes whether an employee was recruited on-island or from overseas. |
