25th July 2020

Dear Members,

On Friday July 25th, the North American Central American and Caribbean Athletic Association (NACAC) imposed a sanction on the Cayman Islands Athletic Association. The sanctioned leveled against the association is in respect to refunds to be made by the CARIFTA 2019 LOC for added charges made to member federations that contravened NACAC standing policy.

The sanction prevents any athlete from the Cayman Islands from participating in any NACAC and World Athletics athletic event including the Olympic Games.

We are aware of the severity of the sanction imposed, and do not take it lightly. We remain committed in keeping you informed on this and any other association matters.

Yours in Sports,

Lancelott Barnes
CIAA President
