

Petition

PETITION FOR THE DECRIMINALIZATION OF THE CULTIVATING OF MARIJUANA FOR MEDICINAL SUPPLY AND THE DECRIMINALIZING OF PERSONAL AND RECREATIONAL CONSUMPTION OF MARIJUANA.

WHEREAS I the undersigned elector and/or petitioner acknowledge that irresponsible supply and consumption of any drug is damaging and should not be supported by legislation.

AND WHEREAS the Cayman Islands Legislation has been advanced to reflect the reality of medicine and science on the positive benefits of medicinal consumption of marijuana.

AND WHEREAS The Cayman Islands Legislation has failed to reclassify the penal code to decriminalize the harvesting of marijuana to be supplied for medicinal consumption.

ANDWHEREAS judicial and enforcement resources are disproportionately consumed for the arrest and prosecution of marijuana consumers for personal and recreational consumption forcing a situation of inadequate resources for other higher risk crimes.

WE HEREBY REQUEST THE LEGISLATIVE ASSEMBLY TO:

1. Bring about legislative change to decriminalize the cultivation and harvesting of marijuana to be supplied for medicinal purposes.
2. To decriminalize the possession and personal recreational consumption of marijuana.
