Revised August 2014

1. STATEMENT OF OBJECTIVES

- 1.1. This policy sets out the Cayman Islands Monetary Authority's (the "Authority") criteria on licensing banks pursuant to Section 6 of the [Banks and Trust Companies Law](#) ("BTCL").
- 1.2. The Authority is committed to promoting the safety, soundness and stability of the Cayman Islands banking system through the regulation of banking business. The Authority recognises that high standards of licensing are the necessary foundation for effective regulation and supervision of its licensees.
- 1.3. This policy is consistent with the Authority's statutory objectives as prescribed in the Monetary Authority Law, including:
 - promoting and maintaining a sound financial system in the Islands;
 - promoting and enhancing market confidence, consumer protection and the reputation of the Islands as a financial centre;
 - using its resources in the most efficient and economic way;
 - acting in the best economic interests of the Islands;
 - facilitating innovation in financial services business; and
 - recognising the international character of financial services and markets and the necessity of maintaining the competitive position of the Islands, from the point of view of both consumers and suppliers of financial services, while conforming to internationally applied standards insofar as they are relevant and appropriate to the circumstances of the Islands.

Revised August 2014

- 1.4. The Authority licenses and supervises banks in accordance with the Core Principles for Effective Banking Supervision (BCP's) issued by the Basel Committee on Banking Supervision and other principles issued by international standard setting bodies with a risk based approach to protecting customers and reducing financial crimes.

2. SCOPE

- 2.1. The Authority will apply this policy, and the requirements of the BTCL as well as the Banks and Trust Companies (Licence Applications and Fees) Regulations ("the Regulations") in assessing all applicants seeking to carry on banking business in or from within the Cayman Islands.
- 2.2. Banking business means the business of receiving (other than from a bank or trust company) and holding on current, savings, deposit or other similar account money which is repayable by cheque or order and may be invested by way of advances to customers or otherwise. Banking business must not be conducted in or from within the Cayman Islands without the Authority's prior approval.
- 2.3. This Policy should be read in conjunction with the BTCL and Regulations, Money laundering Regulations, the Guidance Notes on The Prevention and Detection of Money Laundering and Terrorist Financing in the Cayman Islands and any other relevant law, policy or statement of guidance.

Revised August 2014

3. LICENCE APPLICATION

- 3.1. Applicants are strongly encouraged to contact the Authority to schedule a meeting to discuss the prospective application and the Authority's requirements prior to submitting an application.
- 3.2. Persons seeking to conduct banking business in or from within the Cayman Islands must make an application in writing to the Authority for the grant of a licence pursuant to Section 6 of the BTCL.
- 3.3. The application must be accompanied by such documents and information as set out in the Schedule of the Regulations and any other document required by the Authority, along with the prescribed fee.
- 3.4. The typical timeframe for processing an application is 5 weeks for Category "A" applications and 4 weeks for Category "B" applications. The processing timeframe begins when **ALL** required documents and information have been received.
- 3.5. The Authority may reject an application if it believes that granting a license would not be in the best interest of the public or the interests of the proposed customers or creditors.
- 3.6. As a condition of licensing, the Authority may seek reimbursement for reasonable out-of-pocket expenses and related matters with respect to any on-site inspections outside the Cayman Islands.

Revised August 2014

- ii) do not allow the Authority to clearly determine the ultimate beneficial owner;
- iii) have significant parts of the group's operations being conducted in jurisdictions where supervision and regulation are weak; and

7.4.12 The applicant must provide:

- i) a written commitment that there will be an independent audit function; and
- ii) for those applicants with two or less shareholders, details of their succession plan which should aim to minimise disruption to the bank's business operations and any negative impact on the bank's clients. This plan should include, at a minimum, specifics with respect to the:

7.4.15 The Authority must be satisfied that where “dual hatting” occurs (where resource constraints may make overlapping responsibilities necessary), these roles will be compatible --for example, the Chief Risk Officer may also have lead responsibility for a particular risk area-- and should not weaken checks and balances within the bank.

7.5. Financial Resources

- 7.6.2 The Authority must be satisfied that the financial records of shareholders (controlling individual or group) were independently verified and signed off by a public accountant. The financial records should be dated no earlier than three months prior to the date of application.
- 7.6.3 The Authority will require a detailed business plan covering the first three years of projected business activity and which should be reflective of a sound feasible plan. In conducting the stress test and on an ongoing basis, following licensing, applicants should be guided by the Authority's Supervisory Review Process (Pillar 2) Rules and Guidelines.
